Yes!: My Improbable Journey To The Main Event Of WrestleMania

Synopsis

One of WWE's most unlikely champions of all time and also one of its most popular, Bryan has proved to the world and to all of WWE that looks can be deceiving. Just ask anyone who's ever underestimated him...right before he went out and whipped the WWE universe into a frenzy. This is Bryan's behind-the-scenes story told for the first time ever by the "YES!" Man himself - from his beginnings as a child wanting to wrestle to his ten years circling the globe on the independent circuit and his remarkable climb to the upper ranks of WWE. As the biggest week of his life unfolds, Aberdeen, Washington's bearded son reflects in full detail on his incredible path to the top and gives his take on the events that have shaped him. With his Bryan-ized blend of modesty and surprising candor, Daniel pulls no punches (or martial arts kicks) as he reveals his true thoughts on his evolution as a performer, his various roles in WWE versus the independent years, life on the road, at home, and much more. And of course, get the untold story surrounding the "YES!" chant that evolved to full-fledged movement, skyrocketing his career. This audiobook chronicles all the hard work, values, influences, unique life choices, and more, leading to his watershed week at WrestleMania 30. You won't want to miss it. Yes! We're sure about this.

Best Sellers Rank: #13 in Books > Biographies & Memoirs > Sports & Outdoors > Boxing, Wrestling & MMA > Wrestling #18 in Books > Sports & Outdoors > Individual Sports > Wrestling #131 in Books > Audible Audiobooks > Nonfiction > Sports & Recreation

Customer Reviews

Reading about the life and struggles of one of the most influential people to me personally, and one of the most over wrestlers in the WWE is one of the best pleasures in the world. Reading about his life growing up, his time training under Shawn Michaels, Ring of Honor and various independents, and his signing, release, and re-signing by the World Wrestling Entertainment has given me a brand

new respect for the living legend known as Daniel Bryan. I highly recommend this book for all people that are either casual fans of wrestling, not wrestling fans at all, or are looking to join the industry.

I've read some wrestling bios in my day, and this is up there with the best. No drunken hijinks or pill-fueled adventures, just a guy who loves wrestling. The Craig parts are fairly embarrassing (we know Brie is attractive, you can stop reiterating that), but Bryan's stories more than make up for it.

Daniel Bryan is hands down my favorite wrestler not named The Undertaker. I've followed his career from high school gyms with 50 people to the main event of Wrestlemania. To me getting this book was a no-brainer and luckily I wasn't disappointed. Although it was a fairly quick read it still found myself wrapped up in his story. His memoir combined with the description of his Wrestlemania prep was a bit confusing for the first few chapters but nothing you can't overcome. Overall I was very pleased with this book and would recommend this to anyone wrestling fan.

Awesome book. Highly entertaining and you can tell he wasn't too worried about saying things WWE might not have liked. What made it more enjoyable was being there to experience Wrestlemania XXX. That made the diary pieces in the beginning of the chapter more interesting.

As a long-time Daniel Bryan fan I was prepared to like this book but I found this tough to get through . The pacing is terrible and the writing itself is clunky and awkward . I struggled through because I was interested in the story which makes it even more of a shame that it was told poorly . I wonder how much of this was written by Bryan and how much was ghost written . A shame and a missed opportunity .

You get so much insight on the yes man Daniel Bryan. He is just a good guy that is very passionate about the world of wrestling. I read this book in like 2-3 sittings over 2 days. So many times I laughed out loud or was grossed out by the injuries. Very good book.

Good read for Daniel Bryan fans. Doesn't provide the depth of the Mick Foley, Jericho or Bret Hart autobiographies, but it's good. Really quick read, good for fans.

This is a fun journey into Bryan Danielson's life leading up to what every professional wrestler

dreams of: Headlining an event as huge as WrestleMania. This is quite the page turner as it has lots of wrestling stories, anecdotes, life lessons, and the ultimate underdog in Daniel Bryan - a man who nobody expected would make it as far as he did. asked me: "Do I recommend this book?". My answer: "YES!! YES!! YES!!"
