Customer Reviews

McGraw-Hill Education is the leading publisher of GED test preparation materials.

The only GED book you will need! I've searched for years for a book to TEACH me not just QUIZ me on High School level courses. I missed my junior & senior years so I couldn't test on subjects I never learned! This helped so much because I could do it on my time and save myself the embarrassment of having to have to be tutored in my 20s

Purchased to my dad who scored a 14/80 on his ged placement test. brand new "used " book. No

writing or anything and half the price . Thank you so much. Seen this book at barnes and noble it's perfect for my dad that speaks some English but needs to learn the basics to pass the GED. Totally recommend. And came very fast!

The CD never worked and my antivirus flagged it as a trojan.

Came in as expected. Great quality and packaged well!

Great for practicing for the GED test.
