So far, so good.

I teach the mechanics of English at an alternative education center and this book has helped immensely. The rules that I have long forgotten I've been able to review , teach and show examples to students. I would recommend purchasing this book.

A lot of useful information. I recommend all ages to look through this book!

Good textbook.

This book will get you through high school English. It has enough examples to help explain the rules. It also is easy to use and finding topics is an easy task.

I bought this book for my son who is in 10th grade. It comes in handy for our entire family.
