great book !

great condition

Book arrived on time. The text is up-to-date with current events. It explains the social sciences very organized in a detail way for the reader to understand.

I love the book very informative. I learned so much in the last few weeks.

Book in perfect condition. Shipping was lightening fast. Perfect for procrastinating college kids like me. Thank you!

I know it's supposed to be broad, but it's pretty boring. Teaches the basic terminology and puts things into perspective, but is overall just an average textbook... that's all it is...

LOL school....

Thank you
