== Why Should You Buy This Guide? ==

Because it's an excellent value alternative to others, written by a local expert proud to showcase the finest aspects of my favourite city! In addition, this guide is much more thorough than published travel guides, such as the Lonely Planet, produce. In addition, this guide is currently priced cheaper than the Single Fare on a Bath Tour Bus alone, and offers a much more personal account of the magical city.

== Who is this Guide for? ==

Everyone! This guide has been written to suit everyone, providing information to be flexible for what you want to visit in Bath! In addition, the guide contains contact details and favourite spots of the author; I am more than willing to help answer any questions where I can!

Best Wishes!

## Customer Reviews

I've been popping into Bath for years off and on, as it's near my parents home but have never found much to do beyond the shopping centre and Bath Spa. This guide has lots of interesting ideas on things to do, eat and see - much of it historic, as this is such a historical city. Would recommend for anyone looking to get more out of a visit to Bath.

I think Rick Steve's book on London or England contains much more useful information and maps. Save your money and just buy a popup map when you get to your destination.
