Good News About Sex & Marriage (Revised Edition): Answers To Your Honest Questions About Catholic Teaching

Synopsis

The author, a diocesan director of marriage and family life, answers the questions about human sexuality and marriage that he always encounters in the numerous adult audiences he addresses. He provides thoughtful responses that present Catholic Church teaching in a fresh, thoroughly appealing, and convincing manner.

Customer Reviews

Christopher West is an adjunct professor of the Institute of Priestly Formation in Omaha, and a visiting professor of the John Paul II Institute for Studies on Marriage and Family in Melbourne, Australia. His books, extensive lecturing, and numerous tapes have sparked an international groundswell of interest in John Paul II's Theology of the Body. He and his wife, Wendy, have three children.

Based largely on Pope John Paul's "theology of the body," West's message is that sexual bonding is an aspect of Christ's connection to His Church on earth. Read with youthful enthusiasm by Paul Smith, the program discusses the Christian practice of cloaking sexual impulses in spiritual imagery and promoting strategies for managing such impulses. In West's confusing view of the Church's teachings about homosexuality, being gay is not a sin, but it is evil, a deviation from God's plan, and a sign of man's fallen nature! Still, the writing sounds less punitive than some religious approaches to sex and might help people who are desperate for some outside authority to manage this part of

their lives. T.W. Â© AudioFile 2006, Portland, Maine-- Copyright Â© AudioFile, Portland, Maine

What a blessing to find some really GOOD NEWS about Sex and Marriage. Christopher West breaks down Scriptures, Catechism, John Paul's II Theology of the Body and many other resources from the Magisterium of the Church into really easy to read, easy to understand, precise and satisfying answers on pretty much any sex question you may have. This is a must for anyone considering marriage, for newlyweds and even for married couples. God bless Christopher West!

This book really should be read by any one, not just Christians. It is a simple to understand and teaches you exactly what the Church is trying to teach you, but just with concrete examples and explanations. Christopher West did an excellent job making complex theological concepts easier to understand for the average reader. There were some surprising information of the Church's view on sex that I think people need to know. This is a great way to learn about what God's plans were for sex and marriage, and if you take the time to read this book you will realize how beautiful sex and marriage can be. If you are tired of what the world is telling you about sex and marriage, than I highly suggest you read this and learn what the Church says about it.

The book has been used in our Marriage Preparation class for a number of years. We find it very helpful in helping our couples understand the beauty and sacredness of a Sacramental Marriage.

Very thorough. We, my husband and I, have been reading this together. Addresses many questions, issues and thought provoking. Recommend to all couples. Not limited to Catholic readers. The writer is able to make known the value of physical love.

Great price for a fantastic book that I did have (but lost!) Pristine, brand new condition - would highly recommend people to buy this book from this Seller. This book provides a great reference for you and your fiancé(e)/spouse to revisit time and time again to understand the true meaning of marriage and sex within marriage.

Really great book that will answer the tough and curious questions about both sex and marriage. A really good introduction to the teachings of Pope John Paul II about marriage, love, and sex. The best book for teenagers and young adults and offers the "why" to the Catholic teachings on

contraception, marriage, and sex.

I bought this book thinking I could use it to answer high schoolers questions about the Catholic Church's teachings on Sex and Marriage. I didn't expect to learn so much myself. This book gives a very clear explanation of what the Church believes in words that I could understand. Christopher West did an excellent job of speaking to the individual by using his own life examples but still directing the reader to the teachings of the Church. I would recommend this to anyone, married or single, that is interested or confused or even thinks they know what the Church believes. Everyone can benefit from reading this book.

A good modern overview of Catholic teachings on human sexuality and the moral struggles married people or those discerning marriage may go through.
