Customer Reviews

The cover photograph of a doll dressed in an old-fashioned pinafore offers no clue that this book provides wardrobes, mostly contemporary, for Cabbage Patch Kids and Barbie, Chrissy and various baby dolls. There are 73 actual-size patterns, though many are for simple caps and pants to accompany basic, fitted dresses. Poor organization and follow-through make this collection a disappointing resource. Eight color photos (far too few) and a sketch of each garment illustrate minor embellishments, but possibilities for adapting patternschanging a neckline or sleeve length, or using different fabrics to achieve a variety of looksare largely ignored. Muddled instructions are not helped by long-winded phrases like "steps that will greatly aid in the ease of the construction . . . ," a pattern for a doll body with no explanation as to where the plastic heads can be obtained and a meager history of dolls. The author is a doll collector, and amateur doll-maker and artisan. Better Homes and Gardens Crafts Club selection. Copyright 1987 Reed Business Information, Inc.

This is an older book, but patterns are included, and the instructions are fairly easy to follow. I bought some second hand dolls for my two granddaughters. I have tons of fabric scraps from quilting; a friend is going to help me make clothes for the dolls.

nice book with assortment of doll sizes and patterns to make. i just trace the patterns to freezer

paper and cut out. patterns are fairly simple. directions are written but you need a little sewing experience because they're not real detailed.

This is a very nice book. When I purchased it, I wasn't quite sure what I would be getting, but knowing that I make all types of doll clothes, I didn't think I could go wrong. I didn't go wrong! It has so many different styles and sizes with full size patterns in the book. I am very pleased and will definately check with .com when looking for something else.

some great ideas

Great

Great product easy to understand patterns. Good for children to learn how to sew.

loved it!

GREAT
