Customer Reviews

Passport to Algebra and Geometry (View detail page) ASIN: 0395879884

Pretty good but the drawings and pictures are extremely outdated.

book was in great condition

Arrived as in condition as promised.

Textbook is awesome and used in my son's homeschooling online math course. However, the used seller listed the book's condition as "good" but it was actually almost ready for the trash pile. The spine was fractured, the cover partially ripped, there were torn pages, most pages had been heavily marked, and there was even several pieces of garbage including chewing gum smashed inside. I will not return it because it isn't worth the price of postage, but I will never again buy a book from that seller. :(
