Danu Forest has been a practicing druid witch and Celtic shaman for over twenty years, and has been teaching Celtic shamanism and witchcraft for over a decade. She has published articles in *Kindred Spirit*, *Soul and Spirit*, *Sacred Hoop*, *Pentacle* and *Pagan Dawn*. She is the author of *Nature Spirits*.

This is the best book on Ogham I've read to date. The work is comprehensive and encompasses the lore of the Ogham trees, as well as the practical and divinatory nature of the system. Ms. Forest is an excellent writer who never talks down to her reader. I felt this to be a friendly adventure into learning about Ogham, one born in love and vast experience.

Danu Forest's latest book is a winner. Ogham is a notoriously tricky oracle to write about, and it is always difficult to satisfy the various needs and interests people may have when they come to it. It lacks the sort of dependable and comprehensible early sources to draw upon that even the Norse and Saxon runes have in the form of the various Rune poems, and much regarding the meanings of the few is necessarily speculative. That being said, Danu Forest has put together a wonderful range of ideas, sources, and excellent information about the trees themselves which helps tease out the essential meaning and nature of each few. Celtic Tree Magic: Ogham Lore and Druid Mysteries is one of the very few books I have read on the ogham which I consider wise, informed and credible.

Lots of good material here. I intend to re-read the book soon. I need time to assimilate the ogham meanings. The Druid info is interesting, also

Truly a book to included in any Wiccan's or Druid's library. I highly recommend you get this. The author knows what she is talking about.

Excellent knowledge base

Very well thought out book and is packed with great information

This is a very interesting and awesome book!
