# Bad Boys After Dark - A Steamy Romance Collection

## Synopsis

Are you ready for over half a million words of panty-melting bad boys and a ridiculous amount of Happily-Ever-Afters? With over half a million words of steamy, romantic fiction, the books in this limited edition omnibus have gathered over 1000 five-star reviews across Amazon and Goodreads, and will provide over 100 hours of reading! What are readers saying? "Gabi Moore is an auto read for me. You will need a few things; clean panties, a hot man/vibrator, and blocks of uninterrupted time. The only thing I can think of that's better than curling up with one of Gabi's books is curling up with a bundle of them. There's not a single book in this set that I wouldn't recommend. They're all deliciously dark, steamy, and absolutely riveting. The emotions that these bad boys and their loves stir up stick with a reader long after the last page has been turned." Included in this set: NEVER LOOK BACK When they kidnapped her, something dark inside me came bubbling to the surface. I knew I wasn't afraid anymore. I wasn't going to ignore my past any longer. This time, I would fight... WRECKED & YOURS When the ship went under, I acted fast, and I did what I had to. And now we were stuck in the middle of nowhere, and the worst was yet to come. Looking back, I guess I always had a suspicion that there was something fated about those three strange days we spent together, and about the chain reaction afterwards that brought us both square into one another's lives. COME UNDONE I can spot women like her a mile away. Uptight, fearful, holding onto their perfect lives by a thread. The moment I saw her, I wanted to break that thread. I want to possess her. Strip her down. Unravel her little world, and get at her hidden inner core that I've only had glimpses of so far. ONE LAST BREATH Aden - ex military and professional killer - has had it with the big city. Out in the snowy forests of Maine, he doesn't have to deal with any of that. It was perfect. Until she showed up. Broken, forgotten, and left for dead. It's time for Aden to discover just how much passion still exists in his calloused heart. AGAINST ALL ODDS She wasn't my type. Not even close. So how did I end up here, in a steel container in a warehouse, feeling things I'd never felt for anyone before? I didn't know why, but I just knew that after that night we spent together, our lives would change forever. WHATEVER IT TAKES She's still as beautiful as I remember, but she hates my guts, and I don't blame her. But now I have a chance to do what's right. And I will. Whatever it takes... DARK DESIRES I can see right through her good girl charade. I'm an actor, after all. I do what I want, and I don't do anything unless it excites me. And she excites me. There's something dark about her. Something magical, chaotic and beautiful. I could stay away. I should stay away. But I won't... BARE HANDS She was pretty, I'll give her that. Damsel-in-distress was a good look on her. And like all the others, she came to this remote part of the world with an agenda. And I can't wait to see that agenda fall to pieces as she

realizes what sheâ€™s really out here to find. And when she does, Iâ€™ll be right here, waiting, ready to give it to her. ALL OR NOTHING If you think youâ€™ve heard this story before, well, what can I say. Parts of my life certainly are predictable. My life, from some angles, looks a hell of a lot like a cheesy daytime soap. But thatâ€™s not all it is. You might not believe me yet, but this is a story about love. No, really. Youâ€™ll see... HEART OF DARKNESS Can I open my heart to her, completely - no matter how dark that heart is? Grab your copy TODAY before the price goes up! (FREE with Kindle Unlimited!)

## Customer Reviews

I have read most of these individually and to have them all in one boxset is such great value for money. Each novel can be read as a standalone and each story will leave you wanting more. Gabi knows how to write great characters with flaws and insecurities as these are things we can all relate to in the real world. Her bad boys are all alpha and when they find their special lady, they pull out all the stops to get their HEA. Some are second chance romances, some are new found loves but all bring the heat and steam factor. This is a great boxset that you don't want to miss out on.

I loved and enjoyed each and everyone of these books immensely. This collection is dark, hot and

steamy with well developed characters and story lines. To have all these books in a set is a treat, and what a great buy. This collection will keep you up late at night flipping the pages on your Kindle. I voluntarily reviewed a gifted copy of this boxed set by the author with no obligation. I also purchased my own personal copy. Patsy Sacco

Wow!!! What a collection. I love Ms. Moore's work. So many boys \*shivers\* in one place. A definite must have collection.

Loved it. Kept me interested and reading to the end.

very entertaining

The box set was a great read. I had a hard time putting them down. A few more naughty scenes would be great for the story though.
