Grieving: Your Path Back To Peace (Crisis Points)

Synopsis

Written at a much appreciated length, this brief book gently guides readers through the healing process of grief. Showing how grief doesn't happen in neat orderly stages, it explains how to work through painful emotions and questions and find God's peace and healing. Here is an updated look for a steady seller.

Customer Reviews

James R. White is an insightful Bible teacher as well as a veteran counselor and hospital chaplain. The author of many books, he and his wife live in Phoenix, Arizona.

Kind, gracious and Godly look at a subject that we often see treated so badly. It's a short read, with not a wasted word in the book. Are you troubled by grief over a list loved one? Then I think this book had the raw materials to help you see into the grieving process and God's presence in this difficult time. Not grieving? I highly recommend you get this book and read it now. For when you are afflicted by times of suffering and grief, you will be that much better prepared for it.

White doesn't hold back his own flaws and foibles when presenting this guide through grief. If someone you know has lost a loved one, read this to help guide you how to help them, then allow that guidance to direct how you give them this book

I come to this book having yet to require personally all the good advice contained therein. However, I can honestly say that not a single word is wasted here. I hope to carry with me these simple but powerful concepts to help those around me. It is safe to say that this book is a perfect gift to someone experiencing loss in their life. I highly recommend it.

A succinct, sensitive read, beneficial to Christians and non-Christians alike. There is a recognition of the pain, yet help and hope for those who are grieving.

Bought the book, not expecting I would need it so soon afterwards. Truly, a God sent! Thank you, Dr White. It is helping me dealing with the grief I am going thorough after the death of my wife and helpmate of 23 years. Greatly appreciated.

Brief enough to keep the attention of my wandering mind. Although my experience with trying to pass through grief was several years ago, I got stuck mid-stride & couldn't progress any further. This book has helped me understand & guide me through the progress. That was a wonderful gift.

In a society that doesn't handle death and grieving well, this book is an excellent primer on preparing for the worst so you don't get caught by surprise.

Great book that offers great hope and comfort through the grieving process by showing a healthy perspective of life's journey through a dark season. There is hope and comfort via the gospel.
