How To Hear From God: Learn To Know His Voice And Make Right Decisions

Synopsis

In the hustle and bustle of today's busy world, sometimes it's hard enough to hear yourself think, much less take a minute to stop and listen for the voice of God. But learning to recognize God's voice and the many ways in which He speaks is vital for following His plan. In *How to Hear from God*, Joyce Meyer shows readers that God reaches out to people every day, seeking a partnership with them to offer guidance and love. She reveals the ways in which God delivers His word and the benefits of asking God for the sensitivity to hear His voice. Joyce asks the question, "Are you listening?" and shares how to do just that.

Customer Reviews

I have been the facilitator to a group of 21 people as we have spent 8 weeks reading and discussing this book. Actually tomorrow is our last day. We have all grown spiritually by learning how to spend time with God, learning to discern His voice over the many distractions of our busy lives, learning to

trust, obey, and focus our spiritual lives on the Holy Spirit rather than the evil of the world. Wonderful book.

I ordered this and the study guide together. I am very glad I did it looks like it's going to be an excellent read as well as a good learning experience. And once again I need to say thank you to Joyce Meyer for speaking in the language we can all understand.

I can't even begin to express how wonderful this book is! It's such a fabulous book, this is the BEST book I've ever read on the subject. I learned SO MUCH, which is nothing new since I always learn so much from Joyce Meyer. I highly recommend this book to anyone who wants to hear from God more clearly.

I am reading this book in a women's Bible study at church and this book is awesome! I highly recommend it for anyone who is inspiring for a closer relationship with Christ.

This was VERY PRACTICAL. I mean it in a very good way! It ministered to me between the lines. God truly does speak all the time. The question is are we listening. Once e you learn God's character it's a bit easier to understand what He expects from us. It's worth several reads just to let it sink more into my spirit. A great and enjoyable read!

This book not only brought to me clarity, but it brought me peace and understanding. And more clear path of what I need to do to hear from God! I always heard people say get into the word and wait for God's voice, but I never knew how critical it was to have a close personal relationship with him and to know who I am in God my father. I know that now and I'm eager to obey and to listen for his soft still voice!

Love this book by Joyce Meyers I love her style she keeps it to the point and gives every day examples. I have about 6 of her books. Love them all.

This book was recommended to me by a friend and I was very pleased with the recommendation. It had things I already knew, and others I hadn't considered so much before. Certainly a great read for someone who is looking for a closer relationship with God, and for those who really want to hear from the Lord directly in their own lives. Opened a lot of doors for me, and gave me a lot of joy when

reading it.
