Medical Terminology Systems (Text Only): A Body Systems Approach

Synopsis

A word building and body systems approach! The original word-building text is better than ever with the addition of The Medical Language Lab, a new, interactive, online experience for mastering the language of medicine. The perfect length for any course, this full-color, illustrated text uses a body systems organization with an emphasis on word building. You'll begin by learning the parts of words—roots, combining forms, suffixes, and prefixes. Then, use your understanding of word parts to learn medical terminology. Mnemonic devices and engaging, interactive activities make word-building fun and easy, ensuring you retain the information you need for success. Online. Interactive. Progressive. The Medical Language Lab is the new, interactive, online program that ensures your students master the language of medicine. Based on proven language methodology, it guides your students step by step from basic through advanced levels of proficiency to become confident medical language speakers. A special code in the front of the book unlocks The MLL for you and your students. Use it with your current learning management system or with its integrated grade book. Customize it to meet the needs of your course. Want to learn more? Explore all the Medical Language Lab has to offer through this video series. Customer Reviews

The book seems like a complete one inside...but the outside cover is completely white/blank/void of any graphics. I don't really know what's going on there. Still, it serves its purposes just fine. Good book, but this would have been good info to know when purchasing. Will be hard to resell.

Needed this book for a class I'm taking this semester. Bought it new and it came with a bend corner with pages and another creased corner as well. For buying new I'm not too happy because reselling it after I finish this semester will be harder with the bent and creased corners.

new as described

I am so happy with the purchase, text book is brand new. Thank you

Good

I payed full price for the "NEW" version. When I received it all the corners were bent and some of the pages were crinkled up. Returnjng for sure

Good

Brand new with disc! Would definitely purchase again for buyer
