Customer Reviews

For almost 80 years, Kaplan Test Prep (www.kaptest.com) has been helping students grow their knowledge, skills and confidence so they can be their best on Test Day. Our prep books and online

resources provide the expert guidance that students need at every step of their educational journey â “ incorporating years of test-specific data and strategies tested by Kaplan students and our own expert psychometricians.Â After helping millions of students, we know what works. Our guides deliver knowledge with clarity and simplicity while focusing on the specialized strategies that keep test-takers ahead of the clock and at the top of their game.Â We offer preparation for more than 90 standardized tests â “ including entrance exams for secondary school, college, and graduate school, as well as professional licensing exams for attorneys, physicians, and nurses.Â With a full array of self-paced and live online courses, as well as print books and mobile apps, you can use Kaplan to study on your own schedule and at your own speed. Kaplanâ s private tutors and admissions consultants supplement those offerings with one-on-one support.

Nicely organized fits in your hand. Inmate friendly if you're using it to tutor in a jail or prison.

Very helpful

Great

Buyer beware! This book is outdated and is written more like the old Steck Vaughn GED books than the current HiSet books. It has information similar to what was tested on the HiSet in 2014, but does not reflect the push toward understanding science experiments the last few years. In addition, the writing portion of this book does not reflect the style of the HiSet test. You will be confused if you only use this book for prep and see something completely different on the test. It has some decent math and basic history, but overall, I expected better! It was another HiSet book that was a waste of money!

Yes it helped and was easy to use
