Butterflies Wings is very unique beautiful designs. it's surprise me that it's have more details in the image which fit for the adult coloring lover but it's also fun for the beginner too!! My friend never intersted to coloring with me because I love coloring in very details image but when she see the image on this books she can coloring it in her way. I am very surprise with it. 555 so I really love it. Thank you very much to give me very fun with my friend first time. :))

Was more than I expected. Lots of pages and interesting designs. Very pleased.

I have started coloring in my Coloring Book and it is so enjoyable. For this coloring book I'm using Gel Pens. I was afraid the colors would bleed onto the next page but it didn't which is a A+. It is very relaxing to color and so fun to see the page pop with color. I highly recommend the Butterfiies Wings to help relax or for stress releasing.

I love butterflies! Now I can make them any color I want. Lots of beautiful butterflies in this book.

This was a gift, along with coloring pencils. It's being enjoyed as the pictures are fantastic.

My daughter likes this one very much as she is wild about butterflies.

Great designs!

Lovely pictures to spend hours colouring. I use both pencils and markers. No blotting occurred at the backs of pages.
