The Big Book Of The Civil War: Fascinating Facts About The Civil War, Including Historic Photographs, Maps, And Documents

Synopsis

Even though there have been wars during their lifetime, young readers continue to have a particular fascination for the one war where Americans fought each other. Most children study it in school; a surprising number continue to pursue it on their own. Yet, there is shockingly little out there for kids in the 8-12 age group. The Big Book of the Civil War fills that niche bountifully. The book is organized so that it's easy to see how the social and political groundwork was laid and to follow the course that led up to the opening volley-the firing on Fort Sumter-and beyond. Each phase of the war is presented clearly in a two-page spread that explains all the critical events that propelled the conflict forward. Also included are maps of Civil War America as well as the major battlefields. In a concise presentation of historic facts, this book never fails to also capture the imagination.

Book Information

Hardcover: 56 pages

Publisher: Running Press (February 27, 2007)

Language: English

ISBN-10: 0762428562

ISBN-13: 978-0762428564

Product Dimensions: 13.1 x 10.1 x 0.5 inches

Shipping Weight: 1.5 pounds

Customer Reviews

Joanne Mattern has written hundreds of books for young readers on topics ranging from Eagles football player Donovan McNabb to the Shawnee Indians, from the history of radio to the solar system.

This is an excellent starter reference book for beginner to advanced student of the Civil War. It has great pictures and terse yet comprehensive stories of the Civil War. I recommend this book to all who are interested in a concise read of the tragic conflict that shaped our Nation. Lawrence F

Matarrese

Great book for the Civil War buff

This although well put together was a disappointment to me. I thought it was a BIG book. Instead it was a small book in a big cover. Purchased as a gift and I am embarrassed because there's not much BIG book there.

A very good book about the civil war in this country. Purchased for educating youth about the civil war. Well documented. Easy reading.

bought the book for my grandson who is interested in the civil war. He enjoyed the book very much.

I did not realize this book was written on a six grade level. Very disappointed.

Everything I have received from from my first DVD to my books have been of such excellent quality I was surprised - my son Sgt. James Hodgkiss while stationed in Iraq ordered quite a few items and when he passed away and they sent his belongings home I could NOT believe the amount of DVD's, Books & Games he purchased - I've enjoyed EVERY ITEM not only the DVD's of my son's but I am also NOW addicted to your site and enjoy the selections - TRUST ME I will continue to order, order and order more of your products !!!Doris Hodgkiss-O'Neil
