# The 72 Angels Of The Name: Calling On The 72 Angels Of God (Sacred Names)

## **Synopsis**

In this book, we will discuss how to communicate with the 72 angels that are associated with the 72 names of God in volume 1 of this series. We will not be using any fancy and complicated rituals. With all due respect to those who plan elaborate rituals, the rituals end up being more of a distraction. The angels do not require certain hours of day or night or certain colors or garb. They are not human that they require such trivialities. Do you think an angel with a limitless mind requires such limited and minute actions to get its attention? I know this may completely contradict what you have heard, but logically, this is so. If you are looking for elaborate rituals, you will be disappointed in this book. This book is for people who want a direct connection. Not those who wish to mire themselves in complexity that in actually, is contrived. We know where many of those rituals in all those Grimores come from and I assure you, the complexities are formalities only and not necessary for deep connection with these angels. With that, In this book, we will go into the significance of the 72 names of God and then proceed to the names of the angels. And finally, how to call upon them to help you.

## Customer Reviews

The 72 Angels Of The Name; Calling On The 72 Angels of God by Baal Kadmon deals with the steps to contact each angel and the psalms passages connected with the particular angels. For instance, the author lists the name of Angel 20 and information that this particular angel is perfect for protection of people who lead a spiritual life while angel 25 helps you discover more spiritual wisdom. Of course, there is much more to this kindlebook than what I have listed, but IÃ¢â€žâ¢m intuitively refraining from disclosing more in this review.

I love this book. I have downloaded it on Kindle Unlimited so many times it's crazy. I check out a lot of books each month. Maybe hundreds and this is always the one I've kept the longest, so although I've read it again and again I finally decided to buy it. I only wish it were hard copy. I know that what Kadmon talks about is true. Before I had even known anything about Angel Psalms (as I call them) I prayed the psalms everyday without fail and I noticed at my job (which I've been on for 14 years), all my friends and co-workers that I started with are gone--most were laid off, some fired, some quit, but I'm the lone survivor and the one Psalm I had been reading often was Psalm 26 in which Kadmon states the Angel that belongs to that Psalm is for protecting your job. There's another I had been automatically saying each day too for health and I overcame a fast moving cancer that my Oncologist was even amazed. The first week of chemo my lump was mush and she said that's unusual. I'm 4 years cancer free. I told my sister about this book and she downloaded it and prayed for prosperity. She knew she was not being paid fairly at her job and when it was time to get raises she was shocked that she had received over \$7000 a year. I will continue to look for books by this author. I've read some of his others and they are just as great. I hope s/he will continue to put out great books.

Simple and effective. At first I thought this is too easy but every night, I find myself drawn to a few passages. I find my luck increasing.

Looooove! It helped me greatly. Needed a situation to turn around really quickly and wow instant results! Definitely recommend it.

If you want a profound way of using simplicity to contact an Angel, this book will meet your expectations. I'm glad it's part of my library!
