Cycling The Netherlands, Belgium, And Luxembourg (Bicycle Books)

Synopsis

Amongst Europe's most favoured regions for the touring cyclist are the Benelux countries. This touring guide takes the reader through rolling hills, past windmills and canals, fields and flowers, while dispensing information on topics such as weather, terrain, accommodation, and currency.

Shipping Weight: 8 ounces

Average Customer Review: 2.7 out of 5 stars 4 customer reviews

Best Sellers Rank: #2,004,905 in Books (See Top 100 in Books) #24 in Books > Travel > Europe > Luxembourg #145 in Books > Travel > Europe > Belgium > General #389 in Books > Travel > Europe > Netherlands > General

Customer Reviews

Katherine Widing is a native of Melbourne, Australia. She is a freelance travel writer and has been a columnist and travel book editor for Transitions Abroad magazine since 1991. Jerry Widing is a native of Seattle, Washington. He has worked in the travel and wine industries and has lived and worked in Europe and Australia.

Good general information but a bit out date. I kind of expected that though when I ordered it.

not helpful

What is wonderful about this book is that not only do you get detailed maps with good directions, but there are also overview maps so that you have a sense of where you are in the countries.

Everything that you need for a great cycling trip is included, transportation to and within the countries, a few accommodations (and especially where there are no accommodations), noteworthy sites, restaurants and prices. The routes are generally circle routes with side trips and also connect

with each other with both total mileage for the whole circle and sectional mileages. Because this book is well organized with excellent maps - I will definately go to Benelux for a leisurely cycle tour - and probably more than once.

This is a gem of a book for people looking for comprehensive suggestions for biking in the area. Given that local maps and guides in the Netherlands are usually published in Dutch, this book is a great help to English speakers. I was impressed when I followed a route in this book how it took me through especially beautiful areas that I wouldn't have found otherwise. Although it's already a few years old, this book is still worth seeking out.
