Attaining The Worlds Beyond

Synopsis

In the words of Michael Laitman, "It is beyond human comprehension to understand the essence of such spiritual qualities as total altruism and love. This is for the simple reason that human beings cannot comprehend how such feelings can exist at all, as everyone seemingly requires an incentive to perform any act; without some personal gain, people are not prepared to extend themselves. That is why a quality such as altruism can only be imparted to a person from Above, and only those who have experienced it can understand it." Attaining The Worlds Beyond is a first step toward discovering the ultimate fulfillment of spiritual ascent in our lifetime. This book reaches out to all those who are searching for answers, who are seeking a logical and reliable way to understand the world's phenomena. This magnificent introduction to the wisdom of Kabbalah provides a new kind of awareness that enlightens the mind, invigorates the heart, and moves the reader to the depths of their soul.

KABBALIST RAV MICHAEL LAITMAN, a PhD in Philosophy and Kabbalah and an MS in Bio-cybernetics, is the founder and president of Bnei Baruch • Kabbalah Education & Research Institute, a nonprofit organization dedicated to enhancing widespread knowledge of Kabbalah. For twelve years he studied closely at the side of his mentor, Kabbalist Baruch Ashlag, the first-born son and successor to Kabbalist Yehuda Ashlag, author of the Sulam commentary on The Zohar. Once he received Rav Ashlag's teachings, he was committed to circulating it to others.

This book, written by Rav Michael Laitman, discusses the study of Kabbalah, the basic principles, the methods, the purpose, the process and the goal. Written in a language that is easier to understand than many books of this type - even other books by Rav Laitman himself - the reader will gain insights that are profound in both the reading and the comprehension. The language is crisp, and the writing style very approachable. While the concepts are extremely complex and a lifetime of study is likely required to begin to understand them, Rav Laitman makes the key components of Kabbalah approachable for the beginner, and hints at the depth where he only scratches the surface. If you are studying with Bnei Baruch, I would strongly recommend not only buying this book for your library, but reading it regularly - especially BEFORE the intro classes. The foundation it is able to lay, coupled with the online materials will be invaluable.

Truly inspirational discussion of the teachings and path of Kabbalah. Take time reading this book, do not rush through it. Reading 5-10 pages a day helped me absorb the material.

Rav Laitman is spot on! This book is a great intro to Kabbalah for the beginner and it's also a great refresher for the advanced student. An absolute gem! I highly recommend it because you'll often go back to it and reference it during your studies.

this is for those that are looking for what is beyond an every day existence. there really is something and this will open your mind to and can start to improve your whole world and outlook. it is not something that you will just read through quickly, you need to go slow and absorb what you are actually reading. and how it can and will effect your life.

Fascinating reading for people wanting to learn about the wisdom known as Kabbalah. The author of this book (many other books) is Dr. Michael Laitman. Dr. Laitman is the teacher for the students studying with Bnei Baruch Kabbalah. If you want to how to have a much better life, I highly recommend learning this wisdom.

This book touched my heart. I felt lost when I found this book, I didn't like my life and didn't want to do anything because nothing made me happy. I always wanted to know why I was alive and where my place was in this world. This book answered those questions and more questions I had and forgotten about a long time ago. It gave me a new understanding of my perceptions. It taught me that there is a way to improve life, and feel alive again. I read this book over and over and always

find something new. Nothing I have ever read compares to this book. I highly recommend this book to anyone who is searching for a higher purpose in their life.

I highly recommend this book to everyone who is in search of God and the world beyond and above the one we live in. Rav Michael Laitman is one of those rare Kabbalists who believes more people are ready to incorporate the science and spirituality of Kabbalah into their lives. He presents this deep, ancient wisdom in a well written, revealing and meaningful way.
