The Book Of Revelation Decoded: Your Guide To Understanding The End Times Through The Eyes Of The Hebrew Prophets

Synopsis

Understand the connection between the Old Testament and the end times, what to expect during the last days, and how to stand firm in Christ in the face of opposition. Rabbi K. A. Schneider decodes the Book of Revelation, showing how the end-time events prophesied in the New Testament book correspond with the teachings of the Torah and the Hebrew prophets. You will discover how the Passover foreshadows the great tribulation, and what the Hebrew prophets reveal about the anti-Messiah, Armageddon, hell, the return of the Messiah, the millennial kingdom, heaven, and much more. As the world grows darker and darker, many people have a sense of impending doom. This book will teach you what to expect during the last days and how to stand firm in Christ even in the face of opposition.

Customer Reviews

Rabbi K. A. Schneider is an international evangelist who serves as rabbi of Lion of Judah World Outreach Center. He is the host of the international television broadcast Discovering the Jewish Jesus (www.DiscoveringTheJewishJesus.com) and the author of Self-Deliverance, Do Not Be Afraid, and Awakening to Messiah. He and his wife, Cynthia, live in Ohio.

When I saw the title of this book and read its description, IÃ¢Â™ll admit I was a bit skeptical. IÃ¢Â™d never heard of the idea that the Passover foreshadowed the great tribulation, but I appreciate seeing Bible prophecy through other believers eyes, so I picked up a copy. The book is well and passionately written with the unique perspective of a Jewish believer in Yeshua. Rabbi K.

A. Schneider does a good job of providing a glorious and sobering picture of the events describe in the book of Revelation. But here is the unique part of the book, Rabbi Schneider illuminates the book of Revelation by showing how much of it is but confirmation of some of the Old Testaments most important prophecies concerning the end of this age and the return of Yeshua. Through twelve compelling chapters Rabbi Schneider explores some of the most well know aspects of Revelation. In each chapter he points the reader back to the Old Testament context thus showing the congruency of both the Old and New Testaments. I quote Rabbi Schneider: "In addition, the *Ba'rit Hadashah* [New Testament] was never written to be detached from the *Tanakh* [Old Testament]. If we want to interpret the Bible correctly, then we must interpret it as a whole, starting with Genesis and continuing all the way through the last chapter of Revelation. This is why Jesus frequently quoted from the *Tanakh*, validating its authenticity as the Word of God. The apostle and the early church writers constantly referenced the Hebrew prophets of the Old Testament for the same reasons." (Kindle p. 83 [insertions] added by WS for clarity) Each of the following twelve chapters applies this interpretational approach to good effect:

1. Chapter 1 "Jacob's Trouble: From Turmoil to the Great Tribulation"
2. Chapter 2 "When the Antichrist Will Rise"
3. Chapter 3 "How the Antichrist Will Rise"
4. Chapter 4 "God's Wrath"
5. Chapter 5 "The Rapture"
6. Chapter 6 "Armageddon and the Messiah's Return"
7. Chapter 7 "The Marriage Between God and His People"
8. Chapter 8 "All Israel Will be Saved"
9. Chapter 9 "God's Judgement and Rewards"
10. Chapter 10 "The Reality of Hell"
11. Chapter 11 "The Millennial Reign of the Messiah"
12. Chapter 12 "The New Heaven and the New Earth"

Of these chapters I thought 11 & 12 were the most thrilling, providing the believer hope to counterbalance the sobering events described in Chapters 4, 9, & 10. Chapter 4 on the Rapture was the most challenging aspect of the book to contemplate. The authors view of the Rapture and its relationship to the events of the Exodus are (as far as I'm aware) unique. I had often heard how the fall Feast of YHWH were shadow or types of events related to the 2nd coming but this is the first time I've read how the Passover provides its own shadows and type for these events as well. Definitely something for further consideration and study. One my favorite parts of the book is when Rabbi Schneider explains how, "Matthew's genealogy is not just a long, boring list of names; those names are the actual historic links between the Old and New Testaments." Though not mentioned by Rabbi Schneider, but buttressing his well made points is the fact that Matthew's lineage of Yeshua was purposely arranged so that it would emphasize in his Jewish readers mind the connection between Yeshua as the promised Messiah and sacrificial symbolism of the *Tanakh*. You see Matthew purposely left out four

of Yeshua's ancestors. This omission combined with Matthew's arrangement of the list into three 14 generational groupings, then had the unique effect of showing that Yeshua was both the 13th and 14th generation in this famous list. As the Jewish reader would know, each year during each of the seven Feasts of YHWH, the Jewish people were required to make 13 or 14 sacrifices. These sacrifices in turn were governed by the lunar side of the Bible's calendar which included two cycles of 13 or 14 days of (visible) waxing light followed by 13 or 14 days of waning light. And just to make sure we didn't think his list was an accident Matthew left out one of the Kings between the 6th & 7th generation and other three kings between the 13th & 14th generation (in the second 14 generational grouping). That the apostle Paul understood this symbolism is confirmed in Ephesians 2:13-14 where he told the Ephesians that Yeshua broke down the middle wall of partition between Jews and Gentiles. Keep in mind that during the 2nd temple era, that middle wall of partition was an actual barrier build between the court of the Gentiles and the temple proper which kept Gentiles from the presence of YHWH. During the 2nd temple era any gentile caught trespassing beyond that barrier was killed. Thrillingly, when Yeshua and Paul walk those ancient stones that wall (according to Josephus) was access by 14 steps and the entry to the temple was granted through 13 gates (according to Rabbinic traditions). As you can see Rabbi Schneider is most certainly correct when he rhetorically asks regarding Matthew's list as it relates to the Old and New Testaments: And what is the main thread that binds them? Yeshua HaMashiach. Indeed as Revelation 19:10 tells us the, the spirit of prophecy is the testimony of Yeshua (Yeshua = YHWH's Salvation). - - - - - In closing I will say there were a few parts of this book that I didn't agree with or at least where I will need to further investigate the scripture for myself, but overall I really appreciated the way the Rabbi Schneider showed the congruency between the prophecies of the Old and New Testament. His view of the Rapture was challenging (in a good way) and he provided many wonderful insights which I appreciated. This is a book worth reading and when you've finished I'd encourage you to open your Bible's and see if these things be so. Maranatha!

I've been studying prophecy for quite some time now and as those studying prophecy know it involves studying multiple books but Revelation is the cornerstone book. This is one of the most incredible books I've ever read. The author has an incredible talent of pulling all the prophetic books together into one book. I've learned more in studying this book than I've learned in years of studying on my own. I've read it completely through once but have gone back skipping around different

chapters to the extent I've probably read it 2-3 more times. Even if a person has never read the book of Revelation they will have a good understanding of it after reading this book. Rabi Schneider just has an incredible talent in explaining God's Word to even first time readers of the book. I would give it more stars but 5 is all that is available. Trust me it will not disappoint. I use it now for reference. I have an on line Facebook ministry and I can't tell you the number of messages I've used this book for. My mom was so impressed with it she bought 15 copies to give out to family and friends as a witness. I gave both my children a copy and will likely be doing more of this. Thank you Rabi Schneider for such a wonderful book. Praise God for His Word through this man. AMEN!!!!

This book gives a good outline of the main topics of Revelation. It was pretty easy and understandable and gives a different take of the rapture of the church and the signification of the mark of the beast aka the computer... It also serves as a good basis for explaining and connecting New Testament to Old Testament especially to witness to the Jewish people who follow just the Torah.

Having listened to Rabbi Schneider for the past 10 years, it was lovely to feel his exuberance and desire in the written word in order to have people grasp the Scriptures as written in Revelation, the Tanakh and the Brit Chadashah. Many have written about Revelation, but none so warm and welcoming (even in the horrors of persecution) as described by Rabbi Schneider awaiting the return of Yeshua, our Lord and Savior! Bo Yeshua Bo.

Thank you for your detailed explanations and supporting scripture references. This book helped me to see the truth. I have always been studious of Revelations. Our churches are not teaching The End Days enough. We are in it now and time is short...we must be ready. I am renewed by your interpretation of Revelation. may Jesus, beloved son of God, have mercy on us all.

One of the best books I've read on the subject. Rabbi Schneider explains things clearly. His writing style is easy to read and easy to understand. He stays on course with scripture as his reference. His depth and understanding of the scriptures is a gift that he is able to communicate in writing. Highly recommend for those who have no understanding of Revelation, as well as those who may have read many books on the subject, as is my case. I wish this was the first one I read. For a no nonsense, scriptural based foundation of understanding about the Book of Revelation, this is a must read, regardless of your knowledge level.

This book is a must read for all believers! Preparation for the coming tribulation is critical. This book is easy to read and relates the Book of Revelation in a way that allows even a new believer greater understanding of the sequence of events that are soon to come. It "takes the fear" out of really seeking to understand the Book of Revelation! I truly appreciate how Rabbi Schneider ties in the teachings of the Old Testament and the New Testament and how they relate to the Book of Revelation. Truly...eye opening and inspiring! Thank you Rabbi...

I believe it is correct about the Jewish nation especially. I still hold to a belief of a gathering of believers at the end of a three and one half period before wrath is poured out. Makes no difference, we need to watch and desire Christ's appearing. Thanks for your ministry.
