# Fundamentals Of Trusts And Estates, 4th Edition

## **Synopsis**

The updated version of this innovative casebook contains numerous notes, questions, and problems that illuminate both the human and the doctrinal dramas, often by placing students in various roles. These problems and questions help students develop skills and values to carry throughout their professional lives. In addition, *Fundamentals of Trusts and Estates* includes excerpted readings, bibliographical references, sample documents, and provisions from Uniform Codes, Restatements, and other primary sources. Policy debates, ethical issues, and practical considerations are woven throughout the material. The first chapter provides overviews of the wealth transfer and the transfer tax systems. Chapters on intestacy and wills develop the basic doctrines upon which the system depends. To facilitate an understanding of the laws movement toward integration, will substitutes are covered before discussing the problems caused by changed circumstances and the devices for protecting the family. Coverage of problems involving planning for incapacity serves as a bridge to coverage of trust doctrine expanded to highlight recent developments. *Fundamentals of Trusts and Estates* closes with topics traditionally designated future interests, as well as a chapter on fiduciary administration.

## **Book Information**

## **Customer Reviews**

Roger W. Andersen is a Professor of Law Emeritus at the University of Toledo College of Law. Ira Bloom is the Justice David Josiah Brewer Distinguished Professor of Law at Albany Law School.  
--This text refers to an alternate Hardcover edition.

Unless there's something I'm missing, the pagination on the kindle version does not match the paper text, so my syllabus is useless. It's still an ebook, with highlighting and everything else good that goes with it. But that's a huge pain.

Supplemental information in the book did not clarify any topics, very long winded. Problem sets did also not provide any useful information.

So many spelling and editing errors and for the price i pay its ridiculous

Fast shipping. Book is of great quality as described

Thanks!

The binding was completely broken off the book when I received it.
