Tom Greig has lived and worked in London for almost 15 years. His work as a sales representative for arts publishers takes him across London on a daily basis. He has an intimate knowledge, and love, of the city. A former editor of IP1 Magazine, this is his first book. Sam Mellish is a London

based photographer. His work has been internationally exhibited and widely published, and he is the author of three books. Imagery from his second book, Roadside Britain, is represented by the picture-story agency, Institute.

I was expecting something different from the book. I thought it would be more about interesting places where historical or funny things have happened. Instead it lists stores and restaurants in the different areas of the city. It was of some value...just not what I had wanted

nothing new I didn't already know.

Gave to student studying abroad this semester & he said it is good help!
