Historical Theology: An Introduction To The History Of Christian Thought

Freshly updated for this second edition with considerable new material, this authoritative introduction to the history of Christian theology covers its development from the beginnings of the Patristic period just decades after Jesus's ministry, through to contemporary theological trends. A substantially updated new edition of this popular textbook exploring the entire history of Christian thought, written by the bestselling author and internationally-renowned theologian Features additional coverage of orthodox theology, the Holy Spirit, and medieval mysticism, alongside new sections on liberation, feminist, and Latino theologies, and on the global spread of Christianity Accessibly structured into four sections covering the Patristic period, the Middle Ages and Renaissance, the reformation and post-reformation eras, and the modern period spanning 1750 to the present day, addressing the key issues and people in each Includes case studies and primary readings at the end of each section, alongside comprehensive glossaries of key theologians, developments, and terminology Supported by additional resources available on publication at www.wiley.com/go/mcgrath

An ideal introduction to the history, sources & methods, and key figures of Christian thought. An engaging introduction to core topics of Christianity discussing them in relation to the Bible and key theologians. This classic text introduces the central ideas and developments of the European Reformations to readers of history and theology. Â

âœ“HISTORICAL THEOLOGY is a great book for seminary students or any just interested in theology. McGrath covers a lot of material in a relatively short book, and he keeps it interesting throughout." Â (Tom-farr.blogspot.com, 1 August 2013) Â

Great overview of historical theology! Especially for beginners. McGrath highlights the major hitters and sifts through all the heavy details that could boggle you down when first studying historical theology. GREAT INTRODUCTION RESOURCE.

So well written. An asset to anyone's library who is interested in where the church(es) of today came from. The continuity and influence through the ages of the people of Christ becomes evident. Fascinating and readable!

This was used as a college course text. Well-written by a Protestant theologian!

Great stuff. Easy to follow the chronological development regarding key people and movements.

The best for an introduction to Historical Theology.

Great book, easy to read and very informative.

A great resource for a wholesome picture of the history of Christian Theology. Of many textbooks that I have used this is one that I have kept and continue using. Surface level introduction with key

information to spark deeper learning. Recommended for all levels.

I bought this to do some studying at home, and it required focus, time and I would recommend someone to study with. I enjoy the time I get to sit down & dig in to the text to clarify and solidify what I already believe about my faith and about following Jesus. Good text
