# Rick Steves England

## Synopsis

You can count on Rick Steves to tell you what you really need to know when traveling in England. In this guide, you'll find a mix of splendid cities, ever-so-quaint villages, historic ports, and seaside resorts. Visit the manors, museums, cathedrals, and castles that preserve England's history. Explore the scenic bays of Cornwall, hike the wild moors of Dartmoor, and discover why the Lake District is Londoners' favorite playground. Travel back in time at Stonehenge, tour the remnants of the Roman Empire along Hadrian's Wall, and see the ancient baths in the city of Bath. After a bustling day of sightseeing, relax at a neighborhood pub, sharing a chat and a pint with a friendly local. Rick's candid, humorous advice will guide you to good-value hotels and restaurants. You'll learn how to get around England by train, bus, or car, and discover which sights are worth your time and money. More than just reviews and directions, a Rick Steves guidebook is a tour guide in your pocket.

## Customer Reviews

Since 1973, Rick Steves has spent about four months a year exploring Europe. His mission: to empower Americans to have European trips that are fun, affordable, and culturally broadening. Rick produces a best-selling guidebook series, a public television series, and a public radio show, and organizes small-group tours that take over 20,000 travelers to Europe annually. He does all of this with the help of a hardworking, well-traveled staff of 100 at Rick Steves' Europe in Edmonds, Washington, near Seattle. When not on the road, Rick is active in his church and with advocacy

groups focused on economic justice, drug policy reform, and ending hunger. To recharge, Rick plays piano, relaxes at his family cabin in the Cascade Mountains, and spends time with his partner Trish, son Andy, and daughter Jackie. absolutely invaluable travel guide. I wished we'd have ordered it 6 months earlier for planning our travel to England. We took the book with us and the maps were super helpful. After reading the information at home, it was very helpful to review it again when we got to our locations. I'll never travel overseas again without a Rick Steves Guide!

The book was helpful, although some of the prices listed were a little inaccurate. While it would increase the book's price, a few colored pictures and/or maps would be helpful. Detailed maps of downtown London would be more helpful. We have purchased other Rick Steves guide books and have generally pleased with all of them including England.

We've enjoyed Rick Steves' shows on PBS for a long time and now that we are planning a trip to the U.K., we decided we needed his book. I think his travel tips are spot on, and I appreciate the fact that he readily voices negative opinions as well as positive. One caveat, this book does not include every place you might like to stay. For example, both Truro and Exeter are not in the book.

Rick Steves' guidebooks never fail to deliver. We are in York, England right now and have found his information invaluable. His maps are helpful, and we have especially liked his recommended walks. We have used his guides in the past (Germany, Austria, the Netherlands, France). The places he has recommended for eating and sleeping have always been great!

In the 1970s I travelled around Europe on Arthur Frommer's "10 A Day in Europe." Rick Steves book is even better with more tips to save money and helpful hints on how not to look like a rookie in England. I took a Rick Steves trip to Norway several years ago and was enormously pleased that I saw as much as I did for what seemed the perfect trip. Since then, I have watched his films on National Public Television and now believe he is the top travel guide in the business. My recommendation for anyone traveling to Europe is they should not even start planning until first having procured a copy of the essential Rick Steve travel guide. Dennis L. Cripps

Rick Steves' guide was SO useful on our recent trip to England. We rented a car and from Yorkshire drove to the Cotswolds, on to the city of Bath and then into Cornwall. We used his guide for overnight accommodations, eateries, and interesting sites. We had no problems finding B&Bs or guesthouses with openings. If not for Rick, we would not have found our last guesthouse - a lovely place in St. Ives overlooking the sea. Great resource. Rick is thorough and down-to-earth.

He's Rick Steves. His information is perfect as always. I took his advice and just tore out the pages I needed so I didn't have the weight of the whole book. On my way home I threw out the book to cut down on weight in my luggage. He publishes updates so often there is not much need to keep the old ones.

Rick Steves' England was a great resource for planning activities for a week on my own in London with side trips. Since I had the Kindle version, I could easily carry it on my cellphone and refer to while I was out exploring. Got tips and ideas that I otherwise might have missed.
