Public Personnel Management: Current Concerns, Future Challenges

Synopsis

Updated in a new 5th edition, *Public Personnel Management*, by Norma M. Riccucci, is a concise and accessible reader containing all original articles addressing the most current issues in public personnel management. Written expressly for the text by leading scholars, all of the articles are either new to this edition or substantially revised. Each article focuses on specific—often controversial—issues in public personnel management, such as comparative personnel management, pensions, sexuality, health, succession planning, unions, and the multi-generational workforce.

Customer Reviews

I would highly recommend this reader. Through interesting and well-written chapters, it reinforces core material and introduces students to increasingly important and specialized topics not covered in most basic texts. — Gene A. Brewer, University of Georgia

Norma M. Riccucci is Professor at Rutgers University, USA.

I found out I didn't need this book, was able to return it easily for full refund. Thank you

With all the books one has to get for class, this one did indeed help me to better understand the required information.

Required text for MPA class.

New condition! Great purchase

The delivery was on schedule as indicated; I wish it was more efficient for the method chosen. Maybe my gamble was a little off.

I received the book in a timely manner. The book was in great shape, and was worth the money I paid for it. Great transaction! Thanks.

Not sure why we had to have this book along with the Human Resource Management in the public sector text, but it was \$41.00 wasted.

Excellent product. money well spent shipping was fast and they came neatly packaged. a real deal Loved it so much! Works just as advertised and good followup by seller.
