The Way Of Baseball: Finding Stillness At 95 Mph

Synopsis

Two-time All Star Shawn Green shows how the surprising lessons the game has taught him transcend baseball and compose a life well lived. Shawn Green's career statistics can be found on the backs of baseball cards in shoeboxes across America: 328 home runs, 1,071 RBIs, .282 career batting average, All-Star, Gold Glove, Silver Slugger...but numbers tell only part of the story. In the tradition of Phil Jackson's Sacred Hoops, Shawn Green illustrates the spiritual practices that guided his career and enabled him to bring stillness into the flow of life. • In *The Way of Baseball*, he shares the secrets to remaining focused both on and off the field, shedding light on a signature approach to living by using his remarkable baseball experiences to exemplify how one can find full awareness, presence, and, ultimately, fulfillment in any endeavor.

Customer Reviews

• "The greatest Jewish baseball player since Sandy Koufax fuses sports autobiography with Zen and the Art of Motorcycle Maintenance." • "Kirkus Reviews • A very unusual and satisfying chronicle of one man's approach to his craft and to life." • "Booklist • Green swears that his Eastern outlook and honed calm allowed him, at his best, to feel that the pitcher was now my partner in hitting rather than my opponent; and, frankly it is difficult to argue with the man who, at his best, set the record for total bases hit in a game. [Those who do not share Green's earnestness may nonetheless find it fruitful to suspend their disbelief and read Green's slim book for its technical discussions of hitting and its satisfying three-act tale of early success, midcareer setback and ultimate triumph." • "New York Times Book Review • When it comes to

writing about baseball, heâ€™s an all-starâ€¦.A thoughtful and introspective look at the game.â€•â€”
New York Postâ€œGreenâ€™s book is a quick readâ€¦but what could be a collection of generalities is
instead a detailed look inside the mind of a former All-Star.â€•â€” The New York Times

Shawn Greenâ€™s career in Major League Baseball spanned fifteen years with four teams. He
finished in the top ten of league MVP voting three times. Visit him at ShawnGreen.com. Gordon
McAlpine is the author of three acclaimed novels: Joy in Mudville, The Persistence of Memory, and
Mystery Box.

excellent book

A surprisingly insightful exploration of baseball and life in general. The writing was superb and the
insights were effectively woven into the story of one player's quest to better understand himself and
his sport.

Great read for anyone interested in peak performance and/or balance.

I am not a huge baseball fan but got this book after hearing shawn on a podcast. His story of taking
a meditative approach to refining his craft of baseball really struck a chord with me; I really enjoyed
how his outlook took him through the ups and downs of his career.

Recommended reading for anyone involved in the sport. 10% biography 90% wisdom & knowledge
to incorporate into your game.

It was a great book.

Great book. Gets deep into the psych of a professional player. And it goes to show you that these
players that are put on pedestal go through same problems as everyone else.

As insightful of a trip around the bases of life and sport you will ever read. Thank you Shawn for
sharing something so personal
