The Sinner (Graveyard Queen)

Synopsis

I am a living ghost, a wanderer in search of my purpose and place. I'm a cemetery restorer by trade, but my calling has evolved from that of ghost seer to death walker to detective of lost souls. I solve the riddles of the dead so the dead will leave me alone. I've come to Seven Gates Cemetery nursing a broken heart, but peace is hard to come by . . . for the ghosts here and for me. When the body of a young woman is discovered in a caged grave, I know that I've been summoned for a reason. Only I can unmask her killer. I want to trust the detective assigned to the case, for he is a ghost seer like me. But how can I put my faith in anyone when supernatural forces are manipulating my every thought? When reality is ever-changing? And when the one person I thought I could trust above all others has turned into a diabolical stranger? Contains mature themes.

"Khristine Hvam does such a wonderful job with this book. When you have a great narrator it seems like the book is done before you know it and that is always how it is listening to her!" ---Books, Movies, Reviews! Oh My!

Amanda Stevens is the award-winning author of over fifty novels, including the modern gothic Graveyard Queen series. Her books have been described as eerie and atmospheric, "a new take on the classic ghost story." Born and raised in the rural South, she now resides in Houston, Texas. Khristine Hvam is a professional voice artist whose work includes audiobooks, video games,

and voice-overs, including as Professor Juniper in the Pokemon television series.

Wow, I have read almost all the ghost series out there and this is by far the best! You must read them in order to keep up with the story. I don't give out story lines it seems to ruin it for me! I must say I'm glad I picked up this series when I did, I would hate to have to wait a year or so for next book! I read them all in a weeks time, couldn't put them down! Now I have to wait a month for next one and I will be on edge of my seat waiting for that one!

Loved, and read, all of Amanda's books. She is one terrific writer. I have especially enjoyed The Graveyard Queen series, and have just finished The Sinner. She tells a story within a story. She's straight-forward, never "ghoulish" in her descriptions. You can almost feel her pain over her "gift," which is both blessing and curse. If ever there were a "care-giver," it's "Amelia Gray," a wonderful and reverent cemetery restorer!

The Sinner and the previous books were fabulous! I thought the writing was tighter than the first books, but I enjoyed them. Ms Stevens has really honed in on her craft. I thought character development was much more detailed and the suspense had me with my finger on the Kindle to get to the next page. I finished one book at 2:30 in the morning! I couldn't stop. JOB WELL DONE MS Stevens and I look to continue on your other books. I like your style!

Stevens again weaves a captivating story full of atmosphere and otherworldly tension. Sad to find out the next Graveyard Queen book is to be the last of this series. Going to miss the characters and world of Amelia's Charleston. Hope another great series comes from Stevens' imagination.

This series is absolutely wonderful. If you are new to Amanda Stevens, be sure to start with the first Graveyard Queen book so you understand the characters and backstory. Also, if you enjoy Heather Graham this series is right up your alley. Happy reading...

This is one of the best paranormal/detective series of ever read. Character development, great story line, creepy scary and emotional. I would definitely reading in order though it can be read as a stand alone.

I bought this 6 book series. I really like this author, I enjoy her writing style and the books move at a

rapid pace.. Never dull. Not too much sex, as you sometimes get in these type of books. I get tired of the books that at 50% sex scenes, not what I want to read. I will continue to follow this author. Very well written and great plots.

Steven's kept me on the end of my seat and broke my heart in this fourth book in the Graveyard Queen series. This tale is full of gothic intrigue and lots of secrets! The Goodwine family is back in prominence and so is the danger that haunts Amelia. This book starts one year after Devlin left Amelia because she had too much baggage. I know Amelia loves him by her inner monologue, but she took his leaving pretty well..... this book broke my heart as only minor Devlin from a distance. Poor Amelia.
