Rick Steves's Ireland Map

Synopsis

Designed specifically for Rick's travel audience this map highlights choice destinations throughout Ireland, from the Ring of Kerry to the Antrim Coast, in a colorful, easy-to-use format on high-quality paper that lasts over many trips. Cuts the Clutter: While big cities are left for navigational purposes, this map is otherwise stripped clean and filled in only with places that matter to travelers. Guidebook-Friendly: At a glance, all the places you read about in Rick's Ireland guidebook pop right out in a crisp, easy-to-read format. Rail or Road: Includes important train lines and highways (and ferry routes) for easy route-planning, no matter how you'll get around. The Back's Even Better: The reverse side includes detailed city-center maps; locating sights, hotels and restaurants from Rick's guidebook.

Book Information

Series: Rick Steves

Map: 2 pages

Publisher: Rick Steves; Fol Map edition (December 22, 2009)

Language: English

ISBN-10: 1598804014

ISBN-13: 978-1598804010

Product Dimensions: 4.1 x 0.8 x 9.5 inches

Shipping Weight: 1.6 ounces (View shipping rates and policies)

Average Customer Review: 3.2 out of 5 stars 45 customer reviews

Best Sellers Rank: #155,739 in Books (See Top 100 in Books) #58 in Books > Travel > Europe > Ireland > General #383 in Books > Reference > Writing, Research & Publishing Guides > Writing > Travel #412 in Books > Reference > Atlases & Maps > Travel Maps

Customer Reviews

The next best thing to a GPS which we found essential in Ireland because of difficult to find road markers. We, in the USA are spoiled by excellent signage which is lacking in Ireland. Also helpful are driving times which are valuable in planning.

Good

The highway map portion for the Republic is woefully inadequate in detail and accuracy. Highways have no routes and lines between major cities are not highways and have no apparent reason for

existing. Perhaps they meant to show mileage between them. I would not recommend this map for anyone planning to drive across the country.

This map is next to worthless. It highlights main roads but lacks sufficient detail for driving around the country thus making it completely unhelpful. The free map from the rental care company was more detailed and helpful. It's receiving two stars because paper it is printed on is high quality and may be water resistant. Other than that, it's not a good product.

I didn't realize so little information could be on such a large map. Much better maps out there.

I am not particular fond of most Rick Steves' resources as I find them to be more commercialized and less valuable than claimed. This map was adequate for identifying many tourist sites to visit, if you want to visit the tourist sites. I personally found it was more interesting to go to the non-tourist towns and meet locals who are very friendly and interested in talking to visitors.

An easy map to follow and not cumbersome like so many others out there. It has everything the average tourist will need to get around easily.

The paper the map is printed on is very durable and appears to be water proof. However, the lack of detail on the map was very disappointing and I would not recommend this map for any serious traveler. I feel like it was a waste of money.
