Zim is back! I loved Zim as a tv show and the comic gets the feel of the show right. The edge is a little sharper which is to be expected from the talent behind the comic now that they do not have to work within a kids tv show. Bottom line, as I read this I could not stop laughing out loud. What more do you want from a comic?

An awesome and amazing continuation of the ill-fated series. If you like the series, these are the same people who wrote it and drew it making the books so you'll love this. Do yourself a favor and get it. :)

For a great fan of the mighty Zim, this comic is so fantastic! Zim is back, so you'll be happy to know that many of the former people who were behind this TV show are now behind this comic! We all miss the TV series, of course. We all miss the voice acting and animations, and we all want them back, but I think it's okay if we can resurrect our childhood through these comics. I recommend you to purchase the volumes instead of the individual comics. Volume 2 coming soon :) I would like to thank our lord Jhonen Vázquez for bringing back such an amazing cartoon. Hope these comics have an excellent rating among fans. Long live Invader Zim!

If you liked Invader Zim then these are a must own. There is pretty much the same sense of humor and dialogue themes going on here. It also helps if you remember how all of them talked and sounded, because you can really see how they would deliver these lines. And the artwork is just tremendous.

Zim is back, and it is awesome! I used to really like the show when I was younger, and was disappointed when it got cancelled. The stories are pretty good, and the art looks the same as how I remember the show's.

Great comic, volume 1, son loves it!

What is there to say? Invader Zim!

Awesome! ZIM is back! I gotta say that I was afraid at first since Invader Zim is one of my favorite shows! I enjoyed it, I don't want to spoil anything so I won't go into much detail. It picks up right after the show, so Dib has Tak's spaceship. Some of the comedy feels a bit "meh" but overall it was funny. I still prefer the show over this comic but I'm stoked and cannot wait to buy Vol. 2.
