Making Whoopies: The Official Whoopie Pie Book

Synopsis

Whoopie pies could be declared the official Maine dessert, and many assert that the rotund chocolate confection originated there, although Pennsylvania actually has a an equally strong claim to that honor. No matter-aficionados in both locales never tire of the giant sandwich cookies, and the comfort-food treats are enjoying a renaissance as bakeries offer gourmet versions on the Internet. This little book is a wide-ranging, lighthearted look at whoopie pies and the folks who love them. This book contains 16 recipes including healthy, gluten-free, and zucchini whoopie pies!

Book Information

Customer Reviews

Enjoyed reading the history of the Whoopie Pie. Would have liked a few more recipes, though. Still a good read for the Whoopie Pie enthusiast or like myself, someone who enjoys cooking!

Great receipes

This cookbook doesn't have a lot of recipes but they are good ones. Lots of history and current activity surrounding Whoopie Pies. It's fun and creative.

Bought as a gift. Can't wait for my niece to make some! Yummy

all the same recipes as always. Not a bad book...just nothing new in it. great for first time whoopie

builders, though!

I was really excited to get this book. When it stated there were TWELVE recipes to making whoopie pies and filling I was really excited. I thought, finally I can make all kinds of different pies. Not the case. Each recipe one change one or two ingredients and/or amount of ingredient. So you really get a recipe for Chocolate pie, 1 vanilla and 1 red velvet. Icing recipe is either with or without marshmallow fluff... I'm sorry, but EVERY single recipe listed is FREE on the internet, which is where the author got them, or was given to her by a bakery... I thought these would be new, exciting recipes and fillings. The author talked about how exciting it is to try different fillings with different cake flavors, such as Peanut Butter or Mint combinations, etc. and did not include any recipes. How are we to make these exciting combinations, when the base recipe isn't included to make them? This is the first time I have ever decided to return a book to . I think it was a complete waste of money.

I was really disappointed int he cookbook and was expecting more than I got from it. I had gotten a number of the cookbooks and was disappointed with a lot of them.

Just plain good.
