Customer Reviews

I have been wanting to get a book by this author. The introduction price was great. I'm not really into animal coloring and 100 pages out of 160 are animals. Over half the book. Here are some numbers.

Owls 15, dogs 18, people 11, cats 10, elephants 7, horses 6 , birds 9, fish 4 and many other miscellaneous creatures. The flower pictures are the best in this book. Look forward to coloring them. Word pictures 8 for those into them. Paper great feel. I'm giving 5 stars because the price was great for the other 50 pages I will enjoy coloring. If I had paid the \$25 I would have given 3 stars .

Unfortunately, I have to leave at least 1 star with this review. I truly had high hopes for this book. And my high hopes were quickly diminished. Out of 160? designs, an awful lot of them looked VERY FAMILIAR. I'm sure I've seen many of the designs in other clip-art books!!! I expected more from Mr. Johnson. Pictures are on right side of book only, no perforations, and paper quality really needs to be much heavier!!! Gel pens even bled through this paper. Colored pencils leave indentations in design!! Bottom line, this book was not anywhere near the high quality that it had promised to be all over the cover and also in product description on !!

I am so glad I got the chance to preview this coloring book. It looks like it is going to be a lot of fun pages to color. Some of the pictures are very amusing like the dogs and cats filled with designs. Some are more classic like the florals. All of them look fun to color. I'm looking forward to starting with the beautiful ladies. This would be a great book for a senior center to have due to the variety of types of pictures.

Not very thrilled about this one. Sure, got this huge book for a super discount price; however, I would never pay the retail price for this. A very many of these images do not fill half the page. In addition, the very detailed images are not good quality print. After viewing the images over and over, a few seem familiar to me. Not sure he is even the artist of all of these, because they vary SO MUCH. No matter how cheap this book was, no matter how many images, I still disliked spending the money. So, I decided to return for a refund. Apparently, didn't even want me to send the book back.

I also received a pdf of this book, to review or not, my choice. Well, let me tell you about this book in one word....FABULOUS! I love the way it is laid out, each animal has its own section, all the cats together, the elephants together, etc. And the pictures are some of the best I have seen. I can see that I will spend many relaxing hours colouring these pictures.

This is a BIG book with lots of pictures and interesting information to help you learn how to color and

get results you want.

I reviewed a pdf copy of this coloring book voluntarily and I must say, you will not find a better coloring book for the cost! The designs are numerous and varied, extremely detailed and LOTS of different types to boot! Animals, flowers, nature, just everything! I LOVE coloring this artist's work! On top of all that, there is coloring tips in the front of the book that definitely helped me improve my coloring practices! I never thought of certain colors as going together well! You won't go wrong with the quality of this coloring book!

I reviewed a pdf copy of this coloring book voluntarily and I must say, you will not find a better coloring book for the cost! The designs are numerous and varied, extremely detailed and many different types to color as well! There are animals, flowers, as well as other types! I LOVE this artist's work! With all his books offer, I feel honored to be on his group. He not only creates wonderful pictures, but he also passes on some coloring hints about certain colors going together well, etc! The quality of the book is great, as well as the price being fair!
