John L. Stoddard's Lectures: The Rhine (Illustrated Edition) (Dodo Press)

Synopsis

John Lawson Stoddard (1850-1931) was an American writer, hymn writer and lecturer who gained popularity through his travelogues. He began travelling around the world in 1874, and published *Red-Letter Days Abroad* in 1884. He turned his experiences into a series of popular lectures delivered throughout North America. These lectures were periodically published in book form as *John L. Stoddard's Lectures* and eventually numbered ten volumes and five supplements (1897-1898). The books include numerous illustrations derived from the immense catalog of photographs taken by Stoddard, and cover every subject, from art and architecture, to archaeology and natural history. The books were immensely popular in their day and many copies still survive. Later in life, Stoddard also published poetry, as well as books on religious subjects.
