Product Dimensions: 3.7 x 0.4 x 5.5 inches

Shipping Weight: 2.9 ounces (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars 7 customer reviews

Best Sellers Rank: #263,129 in Books (See Top 100 in Books) #6 inÂ Books > Travel > Europe >

Customer Reviews

Unfortunately, this isn't anything more than a reprint of the previous version of their Ukrainian phrasebook. Whereas most of Lonely Planet's new phrasebooks have a 3,500 word two way glossary, this phrasebook has around 2,000 words. Furthermore, like Russian, Ukrainian makes use of the perfective/imperfective distinction in their verbs. But unlike Lonely Planet's Russian phrasebook, verbs are not listed as being perfective or imperfective and the dictionary doesn't give both variants. However, if you're going to Ukraine and don't mind getting by with less, if you're looking for something to supplement your Ukrainian studies (and let's face it, there isn't a lot out there), or if you want something to check that Ukrainian produced Ukrainian-English dictionary definition against (for when your dictionary says 'excitement' in English when it really means 'arousal'), then this will help somewhat. And you'll need something like this if you plan on going (which you should, because Ukraine is awesome), as most people outside Kyiv and other major metropolitan areas don't speak much English.

I like this product because it has Ukrainian phrases and tells you what it is in English. I also like that it has the Ukrainian alphabet in it and a map of Ukraine. It also has an index so you can find exactly what you need when you need it.

All you need for at least try to learn the somehow difficult language and alphabet. Good value for money and good to bring with you for translation since you can't count on English language

I loved it it's so informative

A very good pocket sized reference.

very helpful!

Just what I was looking for.
