Roger Priddy's passion for educating children through fun, informative and engaging books has led him to create some of publishing's most enduring and successful non-fiction early learning books. Roger lives in London and has three children, who have been the inspiration behind many of his best publishing ideas.

Love all the pictures. Nice to only have one picture/ word per page to focus on

So many trucks are included in this book! If your kid loves trucks as much as mine does this is a must have! Now when we are driving around he can name all the work trucks/tractors/emergency vehicles.

My 2 year old is obsessed with trucks, this is a nice addition to his book collection. The pictures have bright backgrounds and the names of the trucks are on each page for those of us less familiar

with the various types (like me). For only a few dollars, would definitely recommend!

Great small book for my 14 month old truck obsessed son. The size makes it great to keep in the car and can be easily carried into appointments or restaurants to keep my little guy occupied. I'd much rather him page through a book than shove my smartphone in his face at every turn. Nice colorful pictures. Some of them familiar from other Priddy books we have, which is fun to have him recognize trucks from other books.

All my kids have loved this book throughout their toddler/preschooler years. They literally read it so many times it got worn out so we needed a replacement! Love this simple board book!

This is my son's favorite book! I bought it for a plane ride and it kept him entertained for a long time (and still entertains him months later).

Great little board book for my truck-loving two year old! He loves to match his cars to the ones in the book and is a staple of our bedtime reading.

these books are great. i usually buy a bunch and give them away for gifts. cheap and perfect for babies/toddlers
