Customer Reviews

This was an amazing book to start studying about Australia for my 12-year-old grandson. He loved it.

great product

Exactly what I was looking for with my Kindergartener. Simple explanations, great photos. I'm looking forward to purchasing the other continent books in this set as well.

Bought them all-- perfect for my 4 year old who loves maps and learning about countries!

I used this book to help teach a class on geography. Children enjoyed the pictures and the fun facts.

This book is just what I was looking for. It does a great job of briefly touching on the major things about Australia. It also has some great pictures. My son has really enjoyed it.

Nice book, but extremely small
