Elyse Fitzpatrick is the head of Women Helping Women Ministries and holds an MA in biblical counseling from Trinity Theological Seminary. She has authored more than a dozen books, including *Love to Eat, Hate to Eat*. She and her husband, Phil, have three grown children as well as grandchildren.

This book was written by several Christian women and was generally edited by Elyse Fitzpatrick. All of the contributors to this book have experienced different sins and situations in their lives. They all

lovingly and gently wrote their chapters with gospel healing in mind. Every chapter also held different ways to see sin in your life and also ways to see how the gospel applies to them, and how to let it change you. I love that while each chapter was only long enough to briefly touch on a subject, they all offered suggestions for other books that would cover that topic more in depth. And we were repeatedly directed to the appendix on page 321 where Elyse Fitzpatrick wrote the most beautiful retelling of the gospel I have ever read. This book is an amazing tool for any Christian counselor! It helps you to see how to apply the gospel to any and every situation in women's lives. While not every chapter title described something in my life, I read the entire book. Each and every chapter held some piece of biblical wisdom that could be applied to my life, even if it was writing about a sin or circumstance that didn't describe me. By reading the book in its entirety I got a greater grasp on how to apply the gospel to every situation or sin in life.

Speaking from their hearts and years of experience, this group of women use Scriptures to guide us in encouraging and strengthening others. Along the way our own knowledge and wisdom increases. Hopefully none of us have personal experiences in ALL these areas, so even if you've been through difficult times (and maybe especially if you have) you will find this resource valuable as we walk through life side by side with women who face issues that seem overwhelming.

Quality resource in its field

I was recommended this book by a friend at church. She let me borrow the book so I could check it out. I found it very useful and I was so thankful that the answers provided were answers found in the Bible and not the author's opinion! I ended up buying this book because I realized how unprepared I am sometimes in giving Biblical advice to my friends. Reading this book was definitely an eye-opener and it's such a great resource!

thanks

I haven't finished reading this, but it is pretty good. I thought it would be written more from a practical perspective versus written to someone that is dealing with each specific issue. Maybe it will have more practical but based on what I've read and skimmed over, it could use more. Overall though, it's a great resource to add to your library.

Excellent book.

Every women that is counseling other women should have this book.This book give you more wisdom and knowledge as you counsel others.
