Anatomy Of The Soul

Synopsis

Since man was created â œin the image of God,â • each organ of the human body has a spiritual as well as physical meaning. Based on Rebbe Nachman of Breslovâ ™s teachings, this fascinating study uncovers the mystical connection between each aspect of the human body â “ the skeletal and muscular system, the circulatory and respiratory systems, the reproductive system, and more â “ and the Ten Sefirot, plus the five levels of the soul. Heighten your awareness of the awesome spiritual power you have at your fingertips, and in all your other limbs as well.

Customer Reviews

Text: English (translation) Original Language: Hebrew --This text refers to the Hardcover edition.

This book touches you in a way that can not be explained..sadly the author passed away at a very young age but you feel like you are sitting with a very wise old man listening to him tell you the secrets of the universe. This is a must have for every book shelf. I think I will be ordering another one just so my husband can have his own.

As another reviewer wrote, this book is not a beginner's book on Kabbalah. If you have some understanding of Kabbalah this book can really open up some intriguing subjects! There are many deep concepts in this work, among them are the spiritual aspects of blood and a view on the four creatures of Ezekiel. The power in praying particular Psalms is another concept that I benefited from. This book is like a biology book of the human soul and it's an amazing read!"Anatomy Of The Soul" is the first book by Rebbe Nachman of Breslev that I have read. I don't know that it's a book

that every reader would appreciate but as a non-Jew I found a lot of clarity on difficult subjects when I read the book.

This a fascinating and insightful book. Definitely not a book that you can just read once, but worth taking time to consider some of the ideas and principles that are set out. Brilliant insight but very much within the realm of Kabbalistic thinking, so if you are not familiar with these concepts be prepared for some unfamiliar/unorthodox approaches to the understanding of the soul.

If u ever wonder how the body and soul are connected and how closely they work together - this is the book for u. If u believe that spiritual ailments reflect themselves in the body - buy this book - it's a step by step map of this incredible relationship - all explained in easy to understand and user-friendly language.

It clarified a lot of the basic kabbalistic knowledge that one has about sefirot etc. i think everybody who cares to know why they are on this earth and how to manage staying pure should read it. It is for those who care about their spirituality.

i just loved it!!! so deep, so true. thank you for a book that made a human out of me

I like this book very much. It is very informative about the human body and soul. I recommend it highly.

THIS BOOK SHOULD BE READ BY EVERYBODY. IT IS SO GREAT.
