Montana Cherries (The Wildes Of Birch Bay Book 1)

Synopsis

After her mother's tragic death, Dani Wilde had no choice but to abandon her dreams. She left Columbia University and returned to her family's Montana cherry farm, intent on being a maternal figure to her brothers. Now the kids are grown, and it's finally her time to fly. Her sights are on New York City, and nothing will stop her—not even an old flame with gorgeous green eyes. Celebrity photographer Ben Denton hasn't seen Montana in years and hasn't spoken to Dani since that night—so long ago. When he discovers he's a dad to a four-year-old—and the child's mother refuses to care for her—Montana and the Wilde farm spring to mind. The orchard is the only place that's ever felt like home, but will the warmth of the Wilde family be enough to help Ben figure out how to be a father? As the Wilde family gathers for the yearly cherry harvest and Dani struggles to figure out what she really wants in life, she discovers the shocking truth about her own mother and learns that following her heart may lead her to her dreams after all.

Customer Reviews

Oh, the feels! It's a romance, so the timeline is shortened, things happen a bit faster than they might in real life, but the author did an amazing job of sucking you into the emotions and struggles of the characters. Will definitely pick up the next one in the series.

This eye-opening story really opened my awareness into the mysterious ways of some of the people surrounding me. I would recommend this story to anyone who has similar thoughts in their own lives.

Was good reading. Like the setting in montana. recommend to people who like open blue skies and mountains. read on.

Fun book if you want some light enjoyable reading. I listened to the audible version of the book & enjoyed it.

Did not love it, but kept reading it as it was somewhat entertaining, but very predictable. Possibly better suited for a young romance reader.

I can't remember the last time I read a book that drew me in so deep! I could have easily cried as it neared the end! So in depth, real, captivating! I WILL look for more books by this author!

A fresh realistic romance that ends good. A feel good book. Well written and easy to read Read it is several sittings easy to pick up where I left off

Love this book. Ended reading this series and now getting all of her books.
