Economics Of Macro Issues (7th Edition) (Pearson Series In Economics)

Synopsis

Brief, relevant readings that spark independent thinking and classroom discussions The Economics of Macro Issues is a collection of brief, relevant readings that spark independent thinking and classroom discussions in Principles of Economics and Social Issues. The text encourages readers to apply theoretical discussions to today's important issues and to gain a deeper understanding of current macroeconomic policy concerns. The Seventh Edition addresses critical new macroeconomic policy issues with timeliness and insight. It showcases pivotal developments in economic affairs and policymaking in ways that will provide both challenge and enlightenment to readers at all levels of academic achievement.

Customer Reviews

Roger LeRoy Miller Roger LeRoy Miller received his PhD from the University of Chicago. Dr. Miller is a legal specialist and author of numerous books on law and the legal environment, including criminal procedure. In addition, Dr. Miller has authored books on the war on drugs, the economics of crime and criminal behavior, and on related topics. **Daniel K. Benjamin** Daniel K. Benjamin is an Alumni Distinguished Professor in the John E. Walker Department of Economics, Clemson University.

Not as boring as most economics books are, very short and concise chapters make reading less of a chore and more of an okay thing.

I read this book during my intro macroeconomics class and absolutely loved it. Each chapter covers a different topic in a manner that is quick and easy to read. The authors explain everything in a way that is easy to follow and enjoyable - that it is definitely a good read for anyone in the econ field, or anyone looking to understand more about what is going on in our economy right now.

Although this book was a requirement for a course in economics, the information provided covers some very important and interesting questions. In my opinion, everyone who pays taxes or receives supplemental income should read this book or something similar. As usual, shipping was fast and condition was great.

Purchased for school, good material.

No issues.

A+
