The Blood Princess: Episode Two: A Vampire Dark Fantasy Novel (The Blood Rite Saga: Season One Book 2)

Synopsis

Blood, Vampires, Conspiracy, Mystery, A Thrilling Story Like You've Never Read Before. Half vampire Prudence frantically awakens inside a coffin in modern day Maine, her Victorian life nothing but the distant past. Milo and Charlotte Davenport, the only remaining members of a family sworn to protect her grave befriend her as Prudence suffers through hellish flashbacks and faces deadly threats which terrorize her existence. Humans and vampires both race to kill her. But why? Constant threat looms, as does her own will toward self-destruction. There is no safe place left in the world. Will the truth save her from herself and help her save her newfound friends or will it send her spiraling out of control and closer to imminent death? Sparkly "Twilight" Vampires? I don't think so; this is not a story for the squeamish or faint of heart. This is a tale of both physical and psychological horror. "The Vampire Diaries: The Originals" meets the gruesome world of "The Underworld Trilogy." Customer Reviews

WE find our Blood Princess helping her friends while trying to figure out her past in episode two. Prudence catches on pretty quick for a vampire who is from another time. The plot continues to weave a very intriguing story with new characters being introduced and Prudence along with an adopted family member, moving to a big city (no spoilers here) to recoup from injuries. While there she finds a job and runs into even more strange occurrences. Things become even more bizarre when other supernaturals are introduced. Dylan Keefer does leave us hanging. I enjoyed the book and look forward to the next episode. I hope it comes sooner rather than later.
