Customer Reviews

Good book - thoroughly enjoyed reading the series. I have always enjoyed Tracie Peterson books - In most of her books you get a little romance, drama, suspense, comedy, and happiness all wrapped up in one story. Her books always keep me engaged - sometimes too much that I stay up too late reading.

Wow, Tracie Peterson has taken two of her characters from book #1 and not only developed an endearing, but at times, frustrating love story she gives us mystery! It just can't get any better than this when you can sit down and get entangled with history, religion, romance, murder and plenty of

mystery! Thank you, I love getting lost in your stories!

The story was beautifully written. It shows how lies and deceit of gossip can ruin lives. However, this series stressed who you should truly put your trust in God,

Great read of the continuing saga of Westward Chronicles. Loved the developed characters and time period.

I have read two of the Westward Chronicles so far, and love everything Tracie Peterson has written. For a while I didn't think I was going to like this story, about half way to three fourths into the story I came real close to disliking Rachal. I thought she was real special after reading about her in the first sequel. She made it up in the last half. And Braeden was a good hero. Actually, I liked all the characters except for that rotten Ivy and her aunt. The story is full of suspense and will keep you on pins and needles throughout the entire story! I highly recommend this series!

Tracie Peterson is one of my favorite authors. She never disappoints me. Her books are always a good read anytime!

I recommend this to all her readers who have followed her through each series of books, I. Hope to read them all,

I enjoy all of Tracie Peterson's novels.
