Exploring Old Quebec: Walking Tours Of The Historic City

Synopsis

From the Museum of French America to the Place Royale and Notre-Dame-des-Victoires Church, this traveler's companion details the often hidden, historic gems of Quebec city. Arranged into seven walking tours, this guidebook profiles essential tourist sites and provides the opportunity to discover a new side of the nearly 400-year-old city. Four thematic itineraries, which include religious heritage, the Anglophone influence in Quebec, arts and literature, and the presence of the First Nations, are also included.

Customer Reviews

Maude Bonenfant is a PhD student in semiology at the University of Quebec#150;Montreal. She lives in Montreal, Quebec.

This is not organized like your typical guide book. I was looking more for a typical guide book, but I will not knock a book for doing exactly what its title says. You will not find an overall map of Old Quebec. Not any sort of alphabetical list of restaurants or places to see. Actually very little coverage of restaurants. For this book to be of any use, you should pick one of their walking tours and follow it, using the book as your guide. The book provides interesting information about the stops along the tour.

Just got back from Old Quebec; we were so glad to have this guide! We could take tours at our own pace, and make discoveries as we went along. How charming to turn and see the cannonball at the

base of the tree! We would have missed this if not for the step-by-step nature of this little guidebook that led us through the city and provided historical tidbits. Old Quebec is all about the back roads and the nooks and crannies. This book was the next best thing to having our own private tour guide, it really fleshed out our visit.

I have not yet received this booklet (ordered over a month ago) despite 2 emails to and the item being charged to my credit card. Is anyone out there?
