Perhaps the Amazing Amish Recipes taste amazing to some, but based on the recipe selection the recipes do sound delicious but I don't know about the amazing part. One drawback of this cook is almost every recipe starts with the word Amish. If you were to search by the single keyword Amish you'd find almost every recipe in the cookbook based on how the recipes are titled. Some of the recipes you'll find in this cookbook include:Amish White BreadDried Beef GravyAmish Crazy Quilt PieAmish Friendship Chocolate BreadThere is an interactive table of contents making navigation easy.Recommend.

Amish people are known for their simple living and distance from the modern technology. This book has been a wonderful collection of Amish recipes, well explained and detailed instructions. The recipes are simple and delicious. Author has been able to put notional facts of the recipes which gives an overview about the calories intake and other nutrients. The collection is quite large, it just does not simple end. I tried Amish baked apples last weekend and it was awesome. Surely going to try many of these!

I have always been such a fan of Amish cooking so I knew this was a must have. I was not expecting much to be honest. Most cookbooks are hard to follow but not this one. Very easy to read

and follow, ingredients are easy to come by and each recipe can be made fairly quick. I enjoyed trying out several of the recipes and I also have several more I can not wait to try. This is not my first Amish cookbook but it is very simple and could be my favorite.
