Customer Reviews

Excellent product and excellent seller, very good!!

Why didn't he transcribe the Classical Thump interlude section with all the awesome tapping??A+ on the rest of it. Love that guy

Haven't used it yet, but, I can read well enough to know that this book has a lot of great material in it...how accurate, I don't yet know.

My son chose to do a song from Victor Wooten for his final exams at High School. He studied and

practised and his passion for the song and Victor Wooten resulted in full marks.

Excellent, better understand esp after college :)

Great book, very accurate.

Great book. Victor is the best!

Wonderful book that provides a lot of insight into the music and techniques of one of the finest Bassist on the planet. The notation legend is a godsend for those of us who are less adept at two hand tapping.
