For two months, my daily ritual was listening to H. P. Lovecraft audio books and trying to imagine what was often described as "indescribable". The stories have always been fun and I pulled a lot of inspiration from them while crafting the art. Each illustration is a brush and ink depiction of a monster from Lovecraft. Cthulhu, Hastur, Yig, and a hoard of others are inside and waiting for color. And yeah, the coloring book sort of named itself, The Colouring Book Out of Space.

Jacob Walker is an award winning independent artist and illustrator, with a love for fantasy, sci-fi and Lovecraft. He has worked as an illustrator for several table top game companies, craft brewers

and book publishers.

This coloring book is great fun, and leaves lots of room for your imagination.

Filled my Lovecraft-oriented colouring book needs to a T.

Fun coloring book for those who are lovecraft fans

Love the pages.

My wife and I have picked up several 'adult' coloring books this past year, but this is by far my favorite. We were backers for the original Kickstarter, so my review is based on that version. The illustrations have great contrast, the line work is superb, reminiscent of Mike Mignolia's Hellboy illustrations. I really enjoyed Jacob's depictions of all the monsters in the Lovecraft mythos, this is really a case of "by a fan, for fans" of the mythos stories. I also like that there is a good mix of illustrations of just the monsters and some with background elements of the creatures in their environment. I'm not a fan of background coloring, so it's fun just to focus on the monsters. The ones that do have backgrounds really just serve to provide a framework or some context, the creatures are really the stars of the book!

I bought this at Jacob Walker's artist booth at Gencon for 10 bucks, so this is a deal! It's almost a shame to color this! It's a beautiful sketchbook in it's own right. I may buy another just for coloring. :) Click the "surprise me" link when in the "look inside" view. You'll get to see other images from the book!

This book is such a blast. Beautiful illustration. Couldn't bear to actually color it.
