## Customer Reviews

I enjoyed reading this story about Betsy and her new family. I read a little bit and then put the book down for a few seconds; I was afraid of what Betsy would do next.. I hope there will be at part 4 to this series..I want to find out if Betsy made a good choice..

Torn Heart ( Oregon Trail Series) is the third book in this series. I am going to read all the books .I am enjoying these books and I think you will too!!!!!!

On the journey to Oregon life changes. An old love appears out of the blue and things seemly go south will this be the end for Jim and Betsy? On to book 4

Katie Wyatt is always a 5 star read.

The reviewer, Kindle Customer, obviously did not read the whole series or even this book. She got the storyline wrong.It is a story about a selfish, flirtatious and thoughtless young woman who had to leave town as a mail order bride after ruining her reputation. On the way to marry, she struck up a flirtation with a soldier who helped her on the train and was making out with him, heavily, a few hours later. They spent 3 days together. She met and married her husband (and his 3 kids) who was still grieving his wife who had been gone less than a year. He married again because he needed help with his kids. He did start to warm up to her and moved on her suggestion. They left in a wagon train. Along the line, she made more selfish choices and told lies that made her husband not trust her. Now, the soldier is escorting their wagon train and last we read she had ran into his arms after a stampede because she was so worried about him while the husband (and kids) sat there watching.Waiting on pins and needles for the next book. I gave 4 stars because I don't like waiting to finish a story.

I have finished all three books in this series..loved them.but left hanging to next book....wish all this

had been in one book instead of four...I actually read this one while soaking in tub..all together would make one terrific book

is there another book? These three books left you hanging. They were like chapters. I, also, would have given five stars if one book. Didn't like the woman in this series. Too flighty.

This book has an easy to follow plot and interesting characters. I recommend this book to all lovers of clean, historical, romance novels.
