I am a Miracle Morning lover and I am a network marketer, so this workbook is perfect for me, and I can't wait to share it with my team. It is broken down perfectly to get your day organized into the most productivity way to make sure you are getting done what is most important, not just busy work. I highly recommend this book/planner to anyone who is in direct sales/networking marketing. It will either get you on track, or keep you on track. Buy one for everyone on your team!

I just purchased this guide along with The Miracle Morning for Network Marketers. Flipping through the companion guide, I feel that it will be the perfect compliment to the book. It will help put into action what you read, which I am still learning to be consistent at. I also have purchased the original book, The Miracle Morning, The miracle Morning for Salespeople and The Miracle Morning for

Salespeople companion guide. Next on my list is The Miracle Morning Journal & Art of Affirmations coloring book. I believe this will help guide me in the right direction to jump start my business.

I am so thankful for this planner! The book "Miracle morning for network marketers" changed my life and this is a wonderful tool to have along side of the book. If you are serious about taking your marketing to the next level this is perfect for you. It is, however, designed for people who already have teams built. If you're a brand new network marketer (me) you won't be able to fill in all of the pages at the beginning, but by the end of those 90 days you will!

Love this workbook and plan on sharing with my team! I also appreciate the insight that Pat gives in the training video explaining the workbook and concepts.

This will get you going and moving forward in any type of marketing that you might be in. I would recommend this to any type of business person!!!

The Miracle Morning for Network Marketers 90 Day Action Plan is the perfect addition to not only my Miracle Morning for Network Marketers Book, but for my entire lifestyle as well... I have only been following my action plan for two weeks now and my family understands why this is needed and we have all begun to make this a mandatory part of our entire everyday lives not for just 90 days at a time... Thanks Pat P for putting this together,,, Marquis J

If you are ready to rock your Network Marketing Business this is the book for you! It shows you where your weaknesses are and where you need to focus to get your business moving in the right direction!

The planner is written for either an experienced networker, or for a beginner. It has a clear train of thought well written out for anyone to understand. It's clear method of organization, paints a visual as well as an itemized task oriented diagram. This will help me keep on task, and reminded which task is next. Thanks guys!
