Customer Reviews

I first checked this book out through Kindle Unlimited. After the first story, I bought it. I decided to review each story as I read. Will come back to update. Book one is WICKED BET featuring Ian and Alyssa. I want their whole story please! They are a married couple needing to reconnect. This was an excellent story that has me wanting to read it to my husband so we can recreate it in our own way. WICKED BET is a to be read again story!

Best damn value on Sophie Brooks awesome novellas. I love her lead characters. Realistic, flawed, relatable. Definitely recommend.

Really enjoyed reading this one. There was five different stories with good characters and it was well written. Not for anyone under 18 but I recommend it for everyone else.

These books were great. I totally enjoyed them all and couldn't decide which characters I liked better, so I'll pick them all. Very good books.

Great collection

Bad Boys By Night is a great bundle set of five novellas from Sophie Brooks. What a great way to acquaint yourself with this author's work. I've read most of them and the ones I have read include solid plots, great characters who sizzle with chemistry, and the emotional goodness for wonderful romance. I have included my reviews for the following stories: Dirty Work: Sweet, sexy second chance romance 4.5 stars! I'm a sucker for second chance romances, and Dirty Work did not disappoint. It was so much fun reading how sexy, hunky Jake and ex-girlfriend Fiona find their way back together. What's a girl to do when her ex-boyfriend works in construction, knows his way around fixing things, but not quite adept at fixing a relationship? And what if her house is falling down around her without ready cash to fix them? Fiona and Jake play a sexy game bartering for time for fixer upper repairs. But Fiona wants more than being friends with benefits, wishing for a real relationship and hoping Jake feels the same. I loved how they finally figured out what was really important to them both since they've been apart. Love and family. Ms Brooks's style of writing is fluid and fast paced in this fun novella which made for an enjoyable read. Written in Fiona's POV, Dirty Work is equal parts story, steamy sex, and romance. It has all the reasons why I read romance. *sigh* Naughty Nights: Friends to Lovers, sweet and romantic 4.5 stars!!! I didn't know what to expect with Naughty Nights, but I loved the whole friends to lovers trope, and this story did not disappoint. Both Darcy and Luke were engaging, likable characters. Ms. Brooks crafts her skill into this wonderful, quick-paced short story with wit, humor, scintillating dialogue, sexiness, and quirky secondary characters. Naughty Nights is both sexy and sweet, and oh so, romantic. At 83 pages, it packs a punch, a nice read just before bed. Hot Shot: Hot lessons in the kitchen 3.5 stars! At 24,

Cheyenne's culinary talent has landed her as a contestant in a reality cooking show called the Kitchen Tyrant, headed by her biggest crush, and the star of most of her sexy wet dreams, Callum Bryant. Chef Bryant is one hot, muscled Aussie bad boy who's a world class executive chef, and his bad boy antics drive his successful show and dozens of successful restaurants around the world. Cheyenne is the youngest of the chefs, has lasted up until the last six contestants and awaits for Chef Bryant to reward her to stay the next level, but with harsh words she's booted off the show. She's a lot heartbroken, and can't resist a visit to the studio kitchen one more time. What she didn't expect was to be found by Callum and taught some valuable lessons that ratchet up the heat in the kitchen. Once again, Sophie Brooks serves up some sizzling heat, one hot alpha male, and a willing heroine. I enjoyed the creative kinky scenes and buildup of tension between our lovers. It's a fun read that packs a punch in this novella-length story. The ending promised more in the future for these two, but I'd love to see Callum and Cheyenne find their HEA. Right now, as it stands, it's a HFN. I voluntarily reviewed an ARC of this book.

I voluntarily reviewed an Advance Reader copy of this book. Wild Rush This book just proves love does conquer all. Lily loved Justin with all her heart and he loved her too but he was giving up part of his life to be with her and she was worried that he might regret it later down the road. Some things happened to make her realize just what he had given up and she was going to prove to him she could be everything he wanted her to be but was it enough, did he love that she was willing to change for him, did he change for her, would there be a happy ever after. This one will keep you so entranced in what is going on that you will not be able to put it down, so you might as well give up and get it, I loved it and know you will too. Hot Shot Cheyenne enters a contest judged by a world renown chef. She has drooled over this particular chef for years and now she is actually in a kitchen cooking with him as a judge. She got bounced off the show but came back to see the kitchen one more time before accepting defeat and ran smack dab into Chef Bryant, the absolute hottest man she had ever laid eyes on in person and in magazines. She could barely look at him as he scrutinized her in his kitchen where she was not supposed to be. She decided to stick up for herself and what happened then surpassed anything she thought could ever happen. What was it, you say, you will have to read this one and be sure to check out all of the kitchen etiquette that is thrown around throughout this story, not only is it appetizing but also drool worthy. Dirty Work I thoroughly enjoyed this short story, it was delightful, engaging, and funny in some parts. The banter between Fiona and Jake was great too. This book is worth reading and you will enjoy it, it goes quickly, the

ending is wonderful too. Wicked Bet Sophie Brooks is an up and coming wonderful writer, can't say enough about her stories. Each of her stories are good and different that will captivate you to read more as they come out. This one was particularly good about a couple who was having trouble reconnecting during their marriage because they were both so busy with their careers that their personal life took a big hit. This will hit home with some of you but maybe you will get some good advice from this one you can use for yourself. It is scorching hot and will singe you down to your toes, definitely will be reading this one over and over again. Naughty Nights Luke and Darcy are one of the most mismatched couples I have seen but right before my eyes things are happening that not even I believe. He is so hot and she is so introverted that he brings out her wild side. You have to read this one to see what I mean, not going to spoil this one for you because it is just soooo good and soooo hot, come along to get into the sizzle, be sure to have a cold compress when you read this one and some iced tea.
