Angry White Male: How The Donald Trump Phenomenon Is Changing America—and What We Can All Do To Save The Middle Class

Synopsis

The mainstream media and ultra-liberal Democrats can't understand why white voters, especially white men, are so angry. Wayne Allyn Root is an angry white male, and he knows why. This is his story, his testimony, and a look at what's happening to an entire group of good people: law-abiding, tax-paying, hard-working, middle-class people. They're being targeted, silenced, intimidated, persecuted — virtually wiped off the planet — in order to make guilty, politically correct white liberals feel better about themselves. It's open season on white males. And yes, you're damn right they're angry. In *Angry White Male*, Root makes his case why he and his brethren have every right to be angry. Millions of angry white males are not on the attack but rather responding in self-defense. Root urges the middle class to take charge before they are protested and legislated out of existence, penniless, powerless, jobless, afraid to speak for fear of being shouted down and immediately labeled “racist.” • Not afraid of being politically incorrect, *Angry White Male* exposes the unfair and unregulated policies, politically correct attitudes, and reverse racism that have recently oppressed and depressed the shrinking middle class — in voting, housing, guns, taxes, regulation, and jobs — and provides the playbook to empower readers to protect their rights. They can do this by verbalizing, mobilizing, and protesting, getting out to vote in record numbers, pushing for term limits, fighting the “not so free” trade battle, fighting for a “Middle-Class Contract with America” and “Middle-Class Income Tax Vacation,” and arming themselves with the “Middle-Class Weapon of Self-Defense.” • Let the revolution begin!

One of the most interesting reads in a long time

WAR definitely tells it like it is, nothing is held back, which is the way it should be.

Extremely well written, great author, smart!

Wayne Allyn Root hits the nail on the head. He is an excellent observer of the nation and what is happening in politics today (Politics = poly ticks or many ticks !!)

Thoroughly enjoyed reading it. Root is insightful, interesting, and factual. Conservatives like me will come to support his values.

Powerful and very informative....worthy of reading....

Angry White Male was a delightful book, because it spelled out explicitly all of the misdeeds and failures of the Left in America. Socialism everywhere in the world has been a catastrophic economic failure followed by a bloodbath as the government doubles down on the failed policies over bitter opposition. My parents were refugees from Riga, Latvia, after the Second World War. Two of my father's brothers were arrested and murdered by the Soviet KGB. They were not arrested for anything they did or even said. They were arrested for who they were. One was a judge; the other was an army officer. My father used to say that the Communists stole all of our property and murdered half of my family, but their stupid ideas still did not work. Angry White Male spells out the impending socialistic catastrophe in an American context. Anyone who reads this book will be inspired to resist the Left in America.

Have a highlighter available to capture the important information and facts this book provides.

Wayne Allyn Root (WAR) gives you a great read by getting straight to the point in how our country needs "US" to step up and be part of the solution and not the problem. I have seen the hard working and passionate WAR all over the TV networks these last couple of years and his passion feeds into

this book.A "must" read, but most importantly a "must" follow book.
