# **SUGAR N`SPICE: TEEN GIRLS WHO KILL (FEMALE KILLERS TRUE CRIME Book 1)**

## **Synopsis**

SUGAR N' SPICEREVISED MARCH 2016Murder is horrific whenever it happens and in what ever circumstances. But when a murder is carried out by a young girl, not much more than a child, it is doubly horrific.What is it that goes wrong in the lives and minds of these girls that grow up to be teenage killers? Girls who ruthlessly murder strangers, young children, parents, and others?"In this short book of approximately 28,000 words, Sylvia Perrini has selected seven murder cases committed by teenage girls. The profiles of the girls covered are;PAULINE PARKER AND JULIET HULME aka Anne Perry, the well-known author of murder fiction.BRENDA ANN SPENCERCHERYL PIERSONHOLLY HARVEY AND SANDRA KETCHUMCHELSEA Oâ™MAHONEYCINDY COLLIER AND SHIRLEY WOLFJASMINE RICHARDSONTERRI-LYNNE McCLINTIC ALYSSA BUSTAMANTE

## **Customer Reviews**

Pretty straightforward, and one case to me is especially shocking because I feel as though the

perpetrator not only got away with something horrific, but is now being rewarded. It is a good thing, I suppose, when a young offender gets out and does well. It is not good when said offender seems to exhibit no remorse and views her "outing" as an inconvenience instead of something for which to apologize. The bad side of this book is that the writing is pretty sloppy. There were numerous mistakes that even a cursory glance by an editor should have uncovered. Did I get the digital copy of the galley proofs, or something?

An insight into what some of these seemingly innocent young girls get up to. Some of them have been badly abused but so have lots of others who do not go off the rails. There is also a severe lack of discipline which leads to "CAN DO WHAT I LIKE" ATTITUDE. It is always someone else's fault. These type of people need to be made to take responsibility for their actions. If punishments were made to fit their early crimes may they would not progress to murder.

The book SUGAR N`SPICE: TEEN GIRLS WHO KILL (FEMALE KILLERS TRUE CRIME Book 1) was okay, it showed a nice cross-section of , female teenage killers from born killers to incest victim to become killers. This book could use some editing, but all in all it's a solid read. I read several other of the authors books and will read more.

I'd never read anything by this author before, and I'll admit she did a good job with these true life tales. Some of these kids showed and still show no remorse, and I really hate the fact that one of them, the Author Anne Perry, seemed very inconvenienced by the outing of her past. Then to grow up and make money from writing murder mysteries, just feels so very wrong.

Interesting stories about females who were in their teens when they murdered someone. Most interesting are the details of where they are today. Some are still in prison, some have been released and are living under new names. Some of these girls gave reasons that were absolutely chilling. "I hate Mondays" is one reason. Really? No remorse for this one. I'd recommend it.

I just could not get into it.

I love mysteries so I just took a chance and I am glad I did. I can't wait to read all of these the rest of these reasonably priced and well written short true crime stories now. I'm hooked!!!

This book has some interesting short stories in it. The only problem I had was that it has several writing errors.
